Effectiveness of teachers' guides in the Global South Benjamin Piper,Yasmin Sitabkhan,Jessica Mejia,Kellie Betts,2018-05-10 This report presents the results of RTI International Education s study on teachers guides across 13 countries and 19 projects Using quantitative and qualitative methods we examine how teachers guides across the projects differ and find substantial variation in the design and structure of the documents We develop a scripting index so that the scripting levels of the guides can be compared across projects The impact results of the programs that use teachers guides show significant impacts on learning outcomes associated with approximately an additional half year of learning showing that structured teachers guides contribute to improved learning outcomes During observations we find that teachers make a variety of changes in their classroom instruction from how the guides are written showing that the utilization of structured teachers guides do not create robotic teachers unable to use their own professional skills to teach children Unfortunately many changes that teachers make reduce the amount of group work and interactivity that was described in the guides suggesting that programs should encourage teachers to more heavily utilize the instructional routines designed in the guide The report includes a set of research based guidelines that material developers can use to develop teachers guides that will support effective instructional practices and help improve learning outcomes The key takeaway from the report is that structured teachers guides improve learning outcomes but that overly scripted teachers guides are somewhat less effective than simplified teachers guides that give specific guidance to the teacher but are not written word for word for each lesson in the guide Understanding Youth Mental Health: Perspectives from Theory and Practice Eilis Hennessy,Caroline Heary,Maria Michail,2022-08-30 This is an incredibly useful and timely resource for those studying and working in the field

Schooling as Uncertainty Frances Vavrus, 2021-01-28 In today s uncertain world few beliefs remain as firmly entrenched as the optimistic view that more schooling will lead to a better life Though this may be true in the aggregate how do we explain the circumstances when schooling fails to produce certainty or even does us harm Schooling as Uncertainty addresses this question by combining ethnography and memoir as it guides readers on a 30 year journey through fieldwork and familyhood in Tanzania and academic life in the USA Using reflexive longitudinal ethnographic research the book examines how African youth particularly young women employ schooling in an attempt to counter the uncertainties of marriage child rearing employment and HIV AIDS Adopting a narrative approach Vavrus tells the story of how her life became entangled with a community on Mount Kilimanjaro and how she and they sought greater security through schooling

and to varying degrees succeeded      Diagnosis of aquaculture employment governance in selected African countries  
Menezes, A.,Ligeon, C.,Murekezi, P.,Jolly, C.,2024-04-17 Many countries are promoting aquaculture as one of the prime drivers of the rural economy and the employment of women and youth Author However the industry is criticized for inadequately representing the needs of workers Author Most African countries have shown a willingness to advance industry goals through domestic programme planning and facilitating foreign direct investment Author However there is a need for coherent strategies for employment governance Author Hence immediate change is required to modify the governance of aquaculture employment to foster industrial transformation Author The objective of this research is to enhance understanding of the governance of aquaculture employment in ten African countries Egypt Ghana Kenya Malawi Nigeria Rwanda Senegal South Africa Uganda and Zambia and to determine their level of compliance with existing employment legislation in those countries Author The ultimate goal is to learn from both positive and negative lessons and propose possible corrective measures for substandard practices in order to improve the public perception of aquaculture Author The study seeks to evaluate existing employment governance in the aquaculture industry and to use the acquired knowledge to inform policymakers and industry leaders on the status of governance in employment Author      *Economic Survey* ,2016
