Excerpt from *Rowing Complete Manual With Illustrations and Valuable Advice* The standard of rowing is maintained by the universities and colleges of Yale Harvard Pennsylvania and Cornell the preparatory schools St Paul's in particular and by the principal rowing and athletic clubs New York A C Atlanta Nassau Dauntless and many others too numerous to mention Of course club matches in which the generic term may be included college and other races at the universities tend to uphold it That it should fluctuate from time to time is a necessity and that in occasional years it is of an exceptionally good class is only natural as likewise that in others it falls to a comparatively low pitch Speed has increased of that there is no doubt The science of coaching is more fully known and more readily comprehended than in days gone by and when divested of the humbug and bewildering technicalities with which it had been needlessly surrounded is found a far simpler task than it was believed to be The art of training has been rescued from the depths of empiricism in which it was too long suffered to dwell and in which the ignorant prejudices of illiterate professionals who at one time usurped the coaching of amateurs purposely kept it At the present time it is conducted on the principles of common sense and hygiene and so far from being involved in mystery is now nothing more nor less than an adhesion to a few simple rules of bathing About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Rowing for the Hell of It* Peter Raymond, 1982
