

## Montclair State University Essay Example

I have come to a point in life that many people have not. I have made a firm decision to recommit myself to pursuing my dreams. While there are those who believe that with an ounce of luck and a ton of persistence anything can be accomplished, I believe that there is no reason to expend so much energy and rely on luck.

I believe in taking hold of my destiny and carving out a future for myself based on the decisions that I make in life. Life is simply too short and too precious to be left to luck alone. This is why I have chosen to apply for the School of Industry and Labor relations at Cornell.

My interest in this course is a result of a growing awareness of how the world needs people who will step up and be willing to make a contribution to affect change in the world. My previous experience at the Montclair State University where I studied Macroeconomics, Microeconomics and Business Relations opened my eyes up to the real scenario. It was during this time that I realized that the success of industry depends a lot on labor relations.

While the rest of the world may be discussing the benefits of outsourcing, it cannot be denied that there will always be interplay between industry and labor relations. As long as there is something that is to be produced, there will always be labor and with that labor relations as well.

The world is fast becoming a borderless place. Cultures, races, beliefs and ideologies are blend together and interact because of the growing advances in communications. In order to succeed in this world, one needs to be able to adapt to the various cultural differences as well as be able to maintain a certain sense of individual identity. These same differences have found their way into the workplace and industry. As such, the subject of labor relations becomes more and more important.

This is the reason for pursuing this opportunity to pursue a degree at the School of Industry and Labor relations at Cornell. As the world continues to change and the workplace becomes more and more challenging and competitive, it becomes imperative for anyone looking for a successful career to not only have the drive to succeed but also the training and expertise to do so. I am not saying that I do not have the training and expertise at the moment but I do believe that there is still room for more.

Cornell University has earned its reputation as an institution that produces great egalitarian leaders; this is part of the reason why I have chosen to entrust my future with Cornell. Furthermore, Cornell is an advocate of human diversity that aims to support the educational aspirations of individuals regardless of race, gender, class and disability.

It is my firm belief that Cornell's program in Industry and Labor Relations will equip me with the sufficient amount of skill to allow me competitive in today's global environment. I am confident that the ski
