

Guidance on the use of past paper questions for National 5 Graphic Communication

The new Courses at National 5 draw on the strengths of popular areas of study from Standard Grade and Intermediate 2 with the introduction of some new content. The purpose of this support document is to help centres and departments to identify suitable past paper questions/items that could be used, or possibly amended, to support learners in their preparation for sitting question papers (exams) as part of the National 5 Course assessment. The advice in this document reflects questions selected from 2011 to 2013 [past papers](#). (If you click on the highlighted links in the columns below, this will take you to the relevant past paper.)

When utilising any past paper questions, you need to take into account the following:

- You must select questions that provide the learners with the same level of challenge as those in the National 5 Specimen Question Paper.
- You may be able to use questions as published or with amendments as suggested in the columns below for Standard Grade and Intermediate 2.
- You must use questions that adhere to the National 5 General Marking Principles and reflect the form of detailed Marking Instructions as published in the National 5 Specimen Question Paper.

If any change to a Standard Grade/Intermediate 2 question is necessary, you must ensure that:

- The style and structure matches the Specimen Question Paper for National 5.
- Marking of the learner's response to the question adheres to the General Marking Principles in the National 5 Specimen Question Paper
- Marking Instructions are amended to reflect the style of the National 5 detailed Marking Instructions.
