*Negotiating Identities in Contemporary Africa* Toyin Falola, Emmanuel M. Mbah, 2023-08-29 *Negotiating Identities in Contemporary Africa* Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women s career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some identities in Africa

**Contextualizing and Organizing Contingent Faculty** Ishmael I. Munene, 2018-02-15 *Contextualizing and Organizing Contingent Faculty* Reclaiming Academic Labor in Universities seeks to develop a counterculture that eschews the neoliberal ideology and interloping market values in higher education More than merely lamenting the disruptive effects of these marketplace values in higher education institutions it develops both theoretical insights and practical organizing strategies pertinent to challenging new academic capitalist values and behaviors Contributors local and international present cases from various institutions to illuminate how national trends concerning contingent faculty are articulated implemented and challenged at the local level They present organizing strategies which are analyzed from an interdisciplinary perspective providing a thorough and comprehensive view of the contingent labor movement This book will provide useful lessons to a broad array of audiences in universities labor movements and national and local governments

**The Refugee Crisis and Religion** Luca Mavelli, Erin Wilson, 2016-12-01 The current refugee crisis sweeping Europe and much of the world closely intersects with largely neglected questions of religion Moving beyond discussions of religious differences what can we learn about the interaction between religion and migration Do faith based organisations play a role within the refugee regime How do religious traditions and perspectives challenge and inform current practices and policies towards refugees This volume gathers together expertise from academics and practitioners as well as migrant voices in order to investigate these interconnections It shows that reconsidering our understanding and approaches to both could generate creative alternative responses to the growing global migration crisis Beginning with a discussion of the secular religious divide and how it shapes dominant policy practices and counter approaches to displacement and migration the book then goes on to explore and deconstruct the dominant discourse of the Muslim refugee as a threat to the secular Christian West The discussion continues with an exploration of Christian and Islamic traditions of hospitality showing how they challenge current practices of securitization of migration and concludes with an investigation of the largely unexplored relation between gender religion and migration Bringing together leading and emerging voices from

across academia and practice in the fields of International Relations migration studies philosophy religious studies and gender studies this volume offers a unique take on one of the most pressing global problems of our time      **Annual Review of Comparative and International Education 2022** Alexander W. Wiseman,2023-12-14 Reflecting on ten prolific years of publication both volumes of the 2022 Annual Review together present discussions on education trends and directions conceptual and methodological developments research to practice area studies and regional developments and diversification of the field of education      **Thus Until** Emilia Ilieva,Reuben Matheka,2025-08-04 Thus Until A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style

*Science Research and Education in Africa* Alain L. Fymat,Joachim Kapalanga,2017-03-07 For various economic and political reasons many African countries lag behind the rest of the industrialised world in scientific and medical research and development However the presence of intellectual islands scattered across the continent gives hope that this is only a transient situation on the cusp of undergoing a profound and beneficial change For this reason the Society for the Advancement of Science in Africa was established to catalyse and contribute to this needed evolution Its mission is to contribute to Africa s economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s third annual conference The conference was held under the overarching theme of science research and education in Africa with several important sub themes including but not limited to improving health research and disease surveillance education epidemic diseases with high mortality promoting women s interest in science careers fostering youth development with science education The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science research and education in Africa      *Regional Review on Status and*

*Trends in Aquaculture Development in Sub-Saharan Africa - 2015* Food and Agriculture Organization of the United Nations, 2017 The present regional review and synthesis for sub Saharan Africa SSA provides an overview of major issues and trends in the aquaculture sector between 2004 and 2014 with emphasis on outstanding issues over the last five years The regional review reflects development in 41 countries in SSA for which production was reported to FAO in 2014 The production volume and value data have been derived from the latest FAO global aquaculture dataset 1950 2014 FishStat

*Food Safety in Low and Middle Income Countries* Delia Grace, Bassirou Bonfoh, Hung Nguyen-Viet, Barbara Häslar, 2024-02-23 Foodborne diseases FBD are an important externality of agriculture and food systems but only recently have they risen up the development agenda as the result of growing awareness of the health and economic burdens of FBD and how they relate to food systems with a focus on low income and middle income countries LMIC particularly African nations The health burden of FBD is comparable with that of malaria and over 90% falls on people in LMIC with an economic burden of more than US 100 million per year FBD have many other less well estimated effects on nutrition gender equity and the environment While understanding of food safety in domestic markets of LMICs has advanced greatly risk management is in its infancy This Research Topic will bring together leading regional perspectives on food safety in LMICs **Kenya**
