Monologues That Matter Pamela Cassells-Totton, 2018-11-17 Are you tired of hunting for quality monologues for exams competitions or auditions Are you bored of playing the same old characters Look no further than this book A dynamic collection of original stand alone monologues written by artistic director young actors agent and arts educationalist Pamela Cassells Totton Pamela s wealth of experience in performing arts education led her to write this diverse repertoire of monologues in order to offer her students material which would challenge and inspire them as well as showcase their skills as young artists The characters within this collection are multidimensional and diverse some of the monologues have been handpicked from acclaimed verbatim plays devised for theatre in education projects others are stand alone and tried and tested pieces which young actors have enjoyed playing for decades      **The Collaborative Literary Relationship of Percy**

**Bysshe Shelley and Mary Wollstonecraft Shelley** Anna Mercer, 2019-07-26 How did Percy Bysshe Shelley and Mary Wollstonecraft Shelley two of the most iconic and celebrated authors of the Romantic Period contribute to each other s achievements This book is the first to dedicate a full length study to exploring the nature of the Shelleys literary relationship in depth It offers new insights into the works of these talented individuals who were bound together by their personal romance and shared commitment to a literary career Most innovatively the book describes how Mary Shelley contributed significantly to Percy Shelley s writing whilst also discussing Percy s involvement in her work A reappraisal of original manuscripts reveals the Shelleys as a remarkable literary couple participants in a reciprocal and creative exchange Hand written evidence shows Mary adding to Percy s work in draft and vice versa A focus on the Shelleys texts set in the context of their lives and especially their travels is used to explain how they enabled one another to accomplish a quality of work which they might never have achieved alone Illustrated with reproductions from their notebooks and drafts this volume brings Mary Shelley and Percy Bysshe Shelley to the forefront of emerging scholarship on collaborative literary relationships and the social nature of creativity      *British Women Poets of the Romantic Era* Paula R. Feldman, 2001-01-19 This groundbreaking volume not only documents the richness of their literary contributions but changes our thinking about the poetry of the English Romantic period

American Women Playwrights, 1900-1930 Frances Diodato Bzowski, 1992-07-27 The first three decades of the twentieth century saw the New Woman writing an astonishing array of dramatic presentations This checklist gleaned from hundreds of library collections and out of print anthologies reveals over 12 000 plays by perhaps 2 000 American women Some of these works are well known most are not some are of enduring literary quality probably most are not but all are of social significance and serve to document women s history of the period Included in a broad definition of play are dramas and comedies musicals farces monologues and dialogues pageants and masques stunts and exercises operas and cantatas In addition to adult drama there are numerous plays written for children and for holiday celebrations A vast

amount of dramatic material was written for amateur theatre school and church productions and community events The sheer volume of these mostly unrewarded contributions is noteworthy and this checklist should be consulted by researchers in women s studies as well as drama Playwrights include such noted writers as Susan Glaspell and Zora Neale Hurston in addition to many unremembered women some of whom have entries for scores of plays The playwrights are listed in alphabetical order with their works following Information is given on life dates as known and the playwrights are keyed to inclusion in major biographical reference books if relevant The type of dramatic presentation and number of acts is indicated as is production and publication information as available and in almost all cases at least one library or anthology source is given coded to a list in the front of the book Appendixes record contributions to several anthologies and a selected bibliography completes the work

Motives of Woe John Kerrigan,1991-09-26 This anthology recovers a tradition of writing to which some of the greatest medieval and Renaissance poets contributed Centring on Shakespeare s neglected *A Louers Complaint* it includes female voiced lyrics chronicle poems and fictional letters by authors from Chaucer to Aphra Behn and Henry Carey

*Readings and Monologues of Distinction* Frances Leedom Hess (comp.),1925

Field Recordings of Black Singers and Musicians ,2018-06-28 Traditional African musical forms have long been accepted as fundamental to the emergence of blues and jazz Yet there has been little effort at compiling recorded evidence to document their development This discography brings together hundreds of recordings that trace in detail the evolution of the African American musical experience from early wax cylinder recordings made in West Africa to voodoo rituals from the Carribean Basin to the songs of former slaves in the American South

**Matilda's Last Waltz** Tamara McKinley,2014-10-07 When tragedy strikes Jenny craves a fresh start away from the memories of her past So when she unexpectedly inherits a sheep station in the Australian Outback called Churinga she welcomes the escape But Churinga turns out to be a lonely place where the weather is extreme and the neighbors hostile As Jenny fights to take control of her new life she discovers some surprising secrets about the station itself and its enigmatic previous owner the mysterious Matilda leading Jenny to wonder if inheriting the station has been a blessing or a curse

**The Radical Ecology of the Shelleys** Colin Carman,2018-11-07 The Radical Ecology of the Shelleys *Eros and Environment* is the first full length study to explore a radically queer ecology at work in writings by Percy Bysshe Shelley and Mary Wollstonecraft Shelley as their discussions of nature and the natural consistently link ecology and erotic practice Initiated by Timothy Morton in 2010 as a hybrid of two schools of thinking about nature queer ecology combines the alertness of environmentalists to constructions of the natural with efforts of sexuality scholars to denaturalize identity and to expose sexuality as a culture bound construct Conceptions of place are central to this investigation not only because an attachment to place is traditionally thought to be the ontological basis of all environmental consciousness e g think globally act locally but because these two Romantic writers underscore the dynamic interaction between a person s natural surroundings and his her interpersonal attachments The poetical and prose writings of the Shelleys claim our special

attention because of their unusual conception of the oikos the etymological root of ecology to mean both local grounds and the social often domestic places in which people dwell and desire The overarching thesis of this book asserts that proto ecological theories in Romantic era England cannot be understood separately from discourses related to married family life and the texts considered demonstrate the comingling of earthly and erotic enjoyment The issues raised by Eros and Environment are fundamental not only to literary and queer history but to all humanistic studies They render the study of nature from a queer perspective a matter of intense interest to scholars in numerous disciplines ranging from ecocriticism and the natural sciences including climate studies to feminist criticism and sexuality studies The Huntingdon Plays

Kinship and Performance in the Black and Green Atlantic

Kathleen Gough, 2013-11-07 Kinship and Performance in the Black and Green Atlantic advances an innovative and compelling approach to writing comparative studies of performance in transnational intercultural relation to one another Its chosen subject in this case is the cultural and political intersection of African and Irish diasporic peoples and movements Gough approaches her subject via five key flashpoints in Black Green relations moving from the mid nineteenth century to the early twenty first century In turn each of these is related to mediums of performance that were prevalent at the time such as abolitionist oratory and melodrama photography and tableaux architecture and folk drama television and political demonstrations and visual art and dramaturgy By examining the unlikely kinship between social actors such as Ida B Wells and Maud Gonne Lady Augusta Gregory and Zora Neale Hurston and Bernadette Devlin and Alice Childress along with a host of old and new theatrical characters this book explores how a transmedial investigation of gender community and performance allows for a revision of historiography in Atlantic studies while the study itself revises and reimagines key concepts central to performance studies In 2014 Kinship and Performance was given the Errol Hill Award for Outstanding Scholarship in African American Theatre from the American Society for Theatre Research
