Social Studies Education in South and South East Asian Contexts Kerry J Kennedy, 2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them Conversations and Key Debates on Inclusive and Special Education Joanne Banks, 2025-03-18 Based on the second series of the popular Inclusion Dialogue podcasts Joanne Banks explores the tensions debates and understandings of inclusive education in context of current policy changes Featuring in depth interviews with 12 world renown academics this book provides a comprehensive overview of the current tensions and conceptual understandings in the field Delving further into diverse viewpoints around special education and how mainstream education includes and excludes students Banks broadens the discussions started in the first podcast series by highlighting nuanced alternative perspectives national contexts and historical developments Given the diversity of the authors themselves in terms of their geography career stage and views on inclusive education the chapters highlight key issues around how we theorise inclusive education the diversity of views on how inclusion can be measured and the intersections between disability and other student characteristics such as socio economic background gender ethnicity race and sexuality Using the informal interviews as its springboard the book offers practical insights into universally designed pedagogies and the role of the school community in fostering inclusive education This book is ideal for academics researchers and educators working in inclusive and special education who wish to create more inclusive environments for their students It is also a key resource for policymakers seeking to understand inclusive education and address its manifestation in learning environments on ground **The World of Science Education** , 2010-01-01 Each volume in the 7 volume series The World of Science Education reviews research in a key region of the world These regions include North America South and Latin America Asia Australia and New Zealand Europe and Israel Arab States and Sub Saharan Africa The focus of this Handbook is on science education in Asia and the scholarship that most closely supports this program The reviews of the research situate what has been accomplished within a given field in an Asian rather than an international

context The purpose therefore is to articulate and exhibit regional networks and trends that produced specific forms of science education The thrust lies in identifying the roots of research programs and sketching trajectories focusing the changing face of problems and solutions within regional contexts The approach allows readers to review what has been done and accomplished what is missing and what might be done next

The Routledge Handbook of English Language Education in Bangladesh Shaila Sultana,M. Moninoor Roshid,Md. Zulfeqar Haider,Mian Md. Naushaad Kabir,Mahmud Hasan Khan,2020-12-17 This Handbook is a comprehensive overview of English language education in Bangladesh Presenting descriptive theoretical and empirical chapters as well as case studies this Handbook on the one hand provides a comprehensive view of the English language teaching and learning scenario in Bangladesh and on the other hand comes up with suggestions for possible decolonisation and de eliticisation of English in Bangladesh The Handbook explores a wide range of diverse endogenous and exogenous topics all related to English language teaching and learning in Bangladesh and acquaints readers with different perspectives operating from the macro to the micro levels The theoretical frameworks used are drawn from applied linguistics education sociology political science critical geography cultural studies psychology and economics The chapters examine how much generalisability the theories have for the context of Bangladesh and how the empirical data can be interpreted through different theoretical lenses There are six sections in the Handbook covering different dynamics of English language education practices in Bangladesh from history policy and practice to assessment pedagogy and identity It is an invaluable reference source for students researchers and policy makers interested in English language ELT TESOL and applied linguistics

The Bloomsbury Handbook of Schools and Religion Jo Fraser-Pearce,James W. Fraser,2023-09-21 The Bloomsbury Handbook of Schools and Religion provides the first truly global scan of contemporary issues and debates around the world regarding the relationships between the state schools and religion Organized around specific contested issues from whether or not mindfulness should be practised in schools to appropriate and inappropriate religious attire in schools to long term battles about evolution sexuality and race to public funding Fraser Pearce and Fraser carefully curate chapters by leading experts exploring these matters and others in a diverse range of national settings The Bloomsbury Handbook of Schools and Religion offers a refreshingly new international perspective
