21st Century Money, Banking & Commerce Thomas P. Vartanian, Robert H. Ledig, Lynn Bruneau, 1998 Provides general overview of electronic banking and commerce **Systems Analysis, Design, and Implementation** John G. Burch, 1992

This book is intended to be used as the textbook for a course in computer information systems development and assumes a reasonable understanding of computer concepts terminology and programming It can be used in lecture case or project based classes After a thorough introduction to systems development this text examines the front end and back end phases of systems design when approached in a disciplined manner Traditional methodologies along with recent developments in the field are addressed by the application of an ongoing case study that illustrates the chapter topics in a real world setting

Bank Administration, 1987 *Introduction to Computer Science with C++* Kenneth A. Lambert, Douglas W.

Nance, Thomas L. Naps, 1997 Developed from the model used successfully in the Naps and Nance full year texts in Pascal this book combines Lambert and Nance's Understanding Programming and Problem Solving with C and Lambert and Naps's Understanding Program Design and Data Structures with C into a single CS1 CS2 text Hence Introduction to Computer Science with C solves the problem of where to begin CS2 that can occur when C is the teaching language It also saves students money they don't have to buy two separate texts This full year introduction to CS1 CS2 features a gradual approach that covers problem solving and algorithm development while giving students a solid grounding in objects and classes Throughout the book a highly structured approach to programming produces programs that are easy to read debug and modify Examples are carefully developed using pseudocode structure charts and module specifications Programming Problems and Projects at the end of each chapter feature numerous programming assignments They reflect a variety of areas business math etc and ask students to build on programs written for earlier chapters and to practice their communication skills
