**John Et Le Regravelement:**

The Legacy of John Tuomas Rasmus, 2009-10-26 This volume investigates the early second century reception of the Fourth Gospel. This is an era when its fortunes are surrounded by silence and mystery. It was assumed until quite recently that Gnostic and other so-called heterodox groups were the first ones to appreciate this gospel and hence the mainstream Christians avoided using it until Irenaeus rescued it for the church. Lately this view has been challenged by several scholars for several reasons. The contributions in this volume, written by leading specialists in their respective fields, offer an approachable, fresh, comprehensive and up-to-date view of the second-century reception of John's Gospel in a situation where new understandings about various forms of early Christianity and its multiformity have started to emerge.
