What are Symbols?

Most likely your school is represented by a symbol. A **symbol** is an object or a name that stands for something else. Does your school have a mascot? It is a symbol of your school. Sports' teams use symbols. The baseball team, the Detroit Tigers, use a tiger to represent their team. Your school's symbol could be a bear, lion, cougar, or even a horse.

Other symbols include flags, special figures, drawings, signs, and many other objects. Symbols for the United States include the American flag, a Bald Eagle, and the White House. When a person sees one of these symbols they immediately think of the United States of America.

Symbols are found everywhere. Every country has a flag. There are symbols that companies use. In math class, you use symbols to tell you when to add or subtract. During a weather forecast, symbols are used to show people if it will be a sunny, rainy, or cloudy day. Symbols are used for street signs.

One of the most important symbols located in the United States is 151 feet and 1 inch (46 meters) tall. It is the **Statue of Liberty**, located on Liberty Island, in New York Harbor. It is one of the most recognizable symbols in the world.

Origins of Lady Liberty

The Statue of Liberty's official name is "Liberty Enlightening the World", and it is sometimes called **Lady Liberty** or **Mother of Exiles**. An **exile** may be a refugee or a person who has left another country because of danger and in search of freedom.

The designer of the statue was a French sculptor, **Frederic Bartholdi**. He also helped raise money to build it and picked the New York Harbor for its display. The original idea, though, for the statue came from a French anti-slavery activist **Edouard de Laboulaye**. The interior of the statue was built by **Gustave**

Eiffel. He is the same person who later built the **Eiffel Tower**, which is a symbol that represents the country of France.

The Statue of Liberty was a gift from France, announced in 1875, and was officially given to the United States in 1886 during the celebration of America's 100th birthday. It took several years for the statue to be constructed. It was built in pieces. In 1876, the arm and torch were built and then displayed in Philadelphia. Next, the head was built and put on display in 1878 at the World's Fair in Paris, France.
