

Mita Value.

It made a MITA the best-selling copier in the world last year.

MITA's DC-131 was a world best-seller last year. Why? Because MITA builds more value into its copiers.

That takes experience, and MITA has a lot more than many manufacturers. Almost 50 years of image reproduction experience, dating back to 1934. It shows.

For example, the new MITA DC-232, making 23 quick copies per minute on any size paper as big as A3. Paper sizes changed at the touch of a single electronic sensor. A stationary platen keeps originals firmly in place. Plus optional document feeding and automatic sorting.

Or consider the new, low profile

MITA DC-191. Advanced fiber optics provide precision imaging and in turn, superior reproduction up to A3 size. First copy in a speedy 5.6 seconds, then 18 copies per minute every minute.

Or the compact 52-kilogram MITA DC-132. The high performance brother of MITA's world bestseller, the DC-131; it's a full 33 percent faster.

All have MITA's own advanced dry-toning system which delivers clear, crisp copies on plain paper or just about anything else. Want more information - write to us or visit your nearest MITA dealer.
