depth exploration of maintenance and a powerful argument for its civilizational importance from the author of How Buildings
Learn and creator of the Whole Earth Catalog Maintenance is what keeps everything going It s what keeps life going Yet it s
also easy to shirk or defer until the thing breaks the system falters and everything stops The apparent paradox is profound
Maintenance is absolutely necessary and maintenance is optional The first in a multi volume work Maintenance Of
Everything Part One offers a comprehensive overview of the civilizational importance of maintenance The book begins with a
dramatic contest of maintenance styles under life critical conditions the Golden Globe around the world solo sailboat race of
1968 It goes on to explore the insights that can be gleaned from vehicle maintenance from the zeal of motorcycle maintainers
to the maintenance philosophies that fought for dominance of the auto industry to the state of electric vehicle manufacturing
today with absorbing detours into the evolution of precision in manufacturing the enduring importance of manuals
sustainment in the military and the never ending battle against corrosion Maintenance Of Everything is a wide ranging and
provocative call to expand what we mean by maintenance not just the tiresome preventative tasks but the whole grand
process of keeping a thing going It invites us to understand not only the profound impact maintenance has on our daily lives
but also why taking responsibility for maintaining something whether a motorcycle a monument or our very planet can be a
radical act No one else but Stewart Brand is talking about the art and science of maintenance and how to do it well This will
