

Writing a thesis is undeniably a challenging task that requires extensive research, critical thinking, and proficient writing skills. Many students find themselves overwhelmed by the complexity and rigor of the process. From formulating a clear thesis statement to conducting thorough literature reviews and presenting original analysis, the journey of crafting a thesis can be arduous and time-consuming.

One of the most daunting aspects of writing a thesis is the sheer volume of work involved. It demands a significant investment of time and effort to gather relevant sources, sift through vast amounts of information, and synthesize ideas into a coherent argument. Moreover, adhering to academic standards and formatting guidelines adds another layer of complexity to the task.

provided by Sarawagi Cohen 2005 which was adapted and extended to suit the nature of the task As the approach is based on supervised learning the project also involved the generation of appropriate training data
