*Good News for the Disinherited* Alonzo Johnson, 1997 This book examines the meaning of Jesus humanity his divinity and the special significance of his teachings to the poor and the oppressed The discussion of these issues is shaped around the theology of Howard Thurman 1900-1981 one of the greatest religious thinkers of his generation It is the only such work which thoroughly defines Thurman's significance as an African American folk theologian who both

adopts and transcends his religious heritage Thurman is depicted as a folk theologian who both perpetuates and transforms African American folk religion The core of Thurman s theology revolves around his reinterpretation of the meaning of the concept of humanity and divinity The search for a Black Christ black messiah has been a prominent feature of African American religious thought in the past two centuries This book addresses Thurman s treatment of Jesus within the ebb and flow of the debates in this area This is the first work devoted exclusively to the subject of Christology as the center of Thurman s theology

**Executed God** Mark Lewis Taylor, 2015-11-01 The new edition of Mark Lewis Taylor's award winning *The Executed God* is both a searing indictment of the structures of Lockdown America and a visionary statement of hope. It is also a call for action to Jesus followers to resist US imperial projects and power. Outlining a theatrics of state terror, Taylor identifies and analyzes its instruments: mass incarceration, militarized police tactics, surveillance, torture, immigrant repression, and capital punishment through which a racist and corporatized Lockdown America enforces in the US a global neoliberal economic and political imperialism. Against this, *The Executed God* proposes a counter theatrics to state terror, a declamation of the way of the cross for Jesus followers that unmasks the powers of US state domination and enacts an adversarial politics of resistance, artful dramatic actions, and the building of peoples movements. These are all intrinsic to a Christian politics of remembrance of the Jesus executed by empire. Heralded in its first edition, this new edition is thoroughly revised, updated, and expanded, offering a demanding rethinking and recreating of what being a Christian is and of how Christianity should dream, hope, mobilize, and act to bring about what Taylor terms a liberating material spirituality to unseat the state that kills. **The**

**Genesis of Liberation** Emerson B. Powery, Rodney S. Sadler Jr., 2016-04-04 Considering that the Bible was used to justify and perpetuate African American enslavement, why would it be given such authority? In this fascinating volume, Powery and Sadler explore how the Bible became a source of liberation for enslaved African Americans by analyzing its function in pre-Civil War freedom narratives. They explain the various ways in which enslaved African Americans interpreted the Bible and used it as a source for hope, empowerment, and literacy. The authors show that through their own engagement with the biblical text, enslaved African Americans found a liberating word. *The Genesis of Liberation* recovers the early history of black biblical interpretation and will help to expand understandings of African American hermeneutics. **Christian Spirituality**

Arthur Holder, 2009-09-10 *Christian Spirituality: The Classics* is a unique and comprehensive guide to thirty key Christian spirituality texts. Ranging from Origen and Augustine to Jonathan Edwards, Thérèse of Lisieux, and Thomas Merton, it offers a view of the texts which is founded in scholarship but which also presents them as living documents that invite even compel contemplative reflection and existential response. Each chapter briefly describes the classic text's author and audience, gives a synopsis of its contents, suggests some of its influence in history, and then explores aspects of the text's meaning for readers today. Key themes include: What is the meaning of life? How can human beings find truth? How can they discover who they really are? How can they live together in peace? How can they live more fully in God's presence in this world and be united with God in the world to come? The scholars who have written these chapters are all experts on their respective topics, but they wear their learning lightly. Anyone wishing to discover the riches of Christian spirituality will find this the ideal introduction and should be able to progress to a deeper understanding of the texts themselves. [Disinherited](#) Alonzo Johnson, 1990 **The Emotions of Nonviolence** Meena Krishnamurthy, 2025-03-28 Meena Krishnamurthy's *The Emotions of Nonviolence* offers a novel interpretation of Martin Luther King Jr.'s beloved Letter from

Birmingham Jail She argues that it is not merely a discussion of civil disobedience but an essay on political motivation Seen this way the Letter seeks to answer a central question in democratic theory namely how can and ought we motivate the racially oppressed to engage in what King called nonviolent direct action King s answer is to appeal to and encourage the political emotions both positive and negative Fear courage faith dignity indignation and love can together motivate nonviolent action and can reciprocally motivate and sustain these same emotions *Jesus and the Disinherited* Howard Thurman (théologien).),1949 *Philosophy of Religion and the African American Experience* John H. McClendon III,2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna **Footprints of a Dream** Howard Thurman,2009-05-01 In a narrative that has urgent significance for every church congregation facing the racial dilemma of mid twentieth century America Howard Thurman tells the dramatic story of the founding of the first fully integrated church in the United States the Church for the Fellowship of All Peoples in San Francisco Dr Thurman cofounder and long time minister gives a complete and intimate picture of the beginnings of Fellowship Church its early problems experiments and successful attainment of complete interracial unity In simple moving terms he describes the everyday events of church life worship services choir practice church school etc against the background of a multiracial congregation Through his genius the reader experiences the anxious moments of forming new patterns of organization the thrill of new and unexpected allies of vistas opening into the future *American Mysticism From William James to Zen*. HAL BARIDGES,1970 **Quaker Life** ,2001 **Recent Research on Paul and Slavery** John Byron,2008 New Testament scholarship and Paul have had a complicated relationship over the question of slavery For many decades there has been a struggle to reconcile the abolitionist cause with a biblical text that seemingly supports the institution of slavery Then the more recent discovery of inscriptions and documents referring to slaves in antiquity has added new dimensions to the debate Furthermore new interpretative approaches to the New Testament including social scientific criticism rhetorical criticism and postcolonial criticism have challenged earlier interpretations of Paul s statements about slavery The issue has even more recently taken on a new shape as descendants of former North American slaves have engaged with the way Paul has been interpreted and used to justify the enslavement of their ancestors In this volume John Byron provides a survey of 200 years of scholarly interpretation of Paul and slavery with a focus on the last 35 years After a general overview of the history of research Byron focusses in turn on four specific areas African American responses to Paul

Paul's slavery metaphors the elliptical phrase in 1 Corinthians 7:21 and the letter to Philemon. An epilogue highlights four areas in which scholarship is continuing to change its understanding of ancient slavery and in consequence its interpretation of Paul. New Testament students and scholars will find the volume a valuable specialist resource that collects and analyses the most important developments on Paul and slavery. The Book Buyer's Guide, 1970
