Jesus Followers in the Roman Empire Paul B. Duff, 2017 When Jesus of Nazareth began proclaiming the kingdom of God early in the first century he likely had no intention of starting a new religion especially one that included former pagans Yet a new religion did eventually develop one that not only included non Jews but was soon dominated by them How did this happen Jesus Followers in the Roman Empire by Paul Duff offers an accessible and informed account of Christian origins beginning with the teaching of Jesus and moving to the end of the first century Duff's narrative shows how the rural Jewish movement led by Jesus developed into a largely non Jewish phenomenon permeating urban centers of the Roman Empire Paying special attention to social cultural and religious contexts as well as to early Christian ideas about idolatry marriage family slavery and ethnicity Jesus Followers in the Roman Empire will help readers cultivate a deeper understanding of the identity beliefs and practices of early Christ believers

Re-imagining Periphery Charlotta Hillerdal, Kristin Ilves, 2020-06-30 This edited volume delves into the current state of Iron Age and Early Medieval research in the North Over the last two decades of archaeological explorations theoretical vanguards and introduction of new methodological strategies together with a growing amount of critical studies in archaeology taking their stance from a multidisciplinary perspective have dramatically changed our understanding of Northern Iron Age societies The profound effect of 6th century climatic events on social structures in Northern Europe a reintegration of written sources and archaeological material genetic and isotopic studies entirely reinterpreting previously excavated grave material are but a few examples of such land winnings The aim of this book is to provide an intense and cohesive focus on the characteristics of contemporary Iron Age research explored under the subheadings of field and methodology settlement and spatiality text and translation and interaction and impact Gathering the work of leading established researchers and field archaeologists based throughout northern Europe and in the frontline of this new emerging image this volume provides a collective summary of our current understandings of the Iron Age and Early Medieval Era in the North It also facilitates a renewed interaction between academia and the ever growing field of infrastructural archaeology by integrating cutting edge fieldwork and developing field methods in the corpus of Iron Age and Early Medieval studies In this book many hypotheses are pushed forward from their expected outcomes and analytical work is not afraid of taking risks thus advancing the field of Iron Age research and also hopefully inspiring to a continued creation of new knowledge
