examine our understanding of the opportunities and challenges that ICTs offer to support the functioning of all aspects of  
education The closure of educational institutions has forced a radical change in the practices of teachers and societies  
regarding the use of ICT to support teaching learning social relations and work in many sectors In the training of digital skills  
the instrumental mastery of ICT continues to outweigh the preparation of citizens to make constructive and safe use of  
technologies After two decades of educational policies we continue to reduce digital literacy to instrumental skills That is you  
do not learn why to use educational technologies and how or to be critical of their use Education 4 0 seeks to develop and  
enhance the digital skills of students and teachers in digital teaching environments through the creation of a line of academic
