Accordingly, diagnosis and repair costs for a service call which does not involve defective workmanship or materials covered by this warranty will be the responsibility of the consumer. This warranty does not cover the replacement of light bulbs.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

- Result from failure during the first year from the date of original purchase of any part of this refrigerator-freezer which proves to be defective in workmanship or material;
- Are reported within 24 hours and the food and the part that failed are available to be shown to any dealer from whom the appliance was purchased or the appropriate Kelvinator Authorized Service Agency;
- Are not occasioned by an insufficient supply of power to the Refrigerator-Freezer; and
- Occur even though the consumer exercises reasonable care and diligence to save food per suggestions furnished with the appliance.

Owen Crankshaw,2022-01-27 Based on new evidence that challenges existing theories of urban inequality Crankshaw argues
that the changing pattern of earnings and occupational inequality in Johannesburg is better described by the professionalism
of employment alongside high levels of chronic unemployment Central to this examination is that the social polarisation
hypothesis which is accepted by many is simply wrong in the case of Johannesburg Ultimately Crankshaw posits that the post
Fordist post apartheid period is characterised by a completely new division of labour that has caused new forms of racial
inequality That racial inequality in the post apartheid period is not the result of the persistence of apartheid era causes but is
the result of new causes that have interacted with the historical effects of apartheid to produce new patterns of racial
inequality **Electrical World** ,1925
