Owner's Manual

- Provide Flotation
- Make Contact
- Hoist Aboard

Model 7298532

Approval Limitations

This Type V device is designed and tested to the same standard as a Type IV Throwable Device except for the floating requirement. Because it is designed to be a part of a system for recovering persons overboard, it has the approval limitation that it can only substitute for a Type IV PFD with the following restrictions:

- Sailboats must be greater than 30' in length
- Power vessels must have an attachment point at least 10' above deck
- Lifelines must be used in accordance with the owner's manual provided.

Meaning of Special Approval

Special approvals are granted by the U.S. Coast Guard for PFDs which do not meet the requirements for approval under Type I through IV categories but which offer other significant safety features. This device permits a single person to recover another person who has fallen overboard.

This device is part of the Lifesling Overboard Rescue System. Practical knowledge of the system's use is essential before an emergency requires its use.

This Owner's Manual must be maintained on board the vessel carrying Lifesling.
