Machakos University College Admission September:

Discourses of Globalisation and Higher Education Reforms Joseph Zajda, W. James Jacob, 2022-03-15 This book examines some of the major higher education reforms and policy shifts globally particularly in the light of recent shifts in quality and standards driven education and policy research It critiques the neo liberal ideological imperatives of current higher education and policy reforms and illustrates the way that changes in the relationship between the state and higher education policy affect current trends in higher education reforms Using diverse comparative education paradigms from critical theory to historical comparative research the chapters focus on globalisation ideology and higher education reforms and examine both the reasons and outcomes of higher education reforms and policy change The book analyses and evaluates the policy shifts in methodological approaches to globalisation and higher education reforms and their impact on education policy and pedagogy The book contributes in a very scholarly way to a more holistic understanding of the nexus between globalisation comparative education research and higher education reforms

Chinese Education in a Changing Global Landscape

Tingting Yuan, Catherine A. Simon, 2025-09-30 This book offers a nuanced and research based critical account of the current status of Chinese education at differing levels within China in the context of its position on the global economic and political stage Following on from in depth discussion of China's global policies including the Forum on China and Africa Cooperation FOCAC action plan and the Belt and Road Initiative BRI chapters present empirically based case studies showcasing a range of theoretical perspectives on higher education neoliberalism and nationalism teacher training and identity and curriculum design amongst other areas of research The book contextualises the role of education internally within China as it faces global challenges and explores how China has developed its education programmes within its national and international strategies Key trends in educational development are also addressed such as the digitalisation of education and artificial intelligence Ultimately offering a critical analysis of the Chinese education system in the context of globalisation this book will be relevant to scholars academics and postgraduate students in the fields of international and comparative education educational policy and politics and Chinese education development more specifically Educational policymakers may also find this volume of interest
