The Life and Times of Niccolò Machiavelli Pasquale Villari, 1891 **Machiavelli** John Morley, 2021-04-11 In Machiavelli John Morley offers a captivating exploration of the controversial figure Niccol Machiavelli intertwining biographical details with an insightful analysis of his political philosophy Employing a clear and engaging literary style Morley dissects Machiavelli s masterworks notably The Prince and Discourses on Livy situating them within the tumultuous political landscape of Renaissance Italy The book transcends mere biography acting as a critical commentary on the nature of power ethics in governance and the relationship between morality and statecraft making it a vital text in understanding both Machiavelli and modern political thought John Morley a distinguished British statesman and writer was deeply engaged with the political discourse of his time His extensive background in politics coupled with a profound interest in philosophy and history informed his interpretation of Machiavelli allowing him to present the Florentine thinker not solely as a cold hearted opportunist but as a revolutionary thinker reflecting the complexities of governance and human nature Morley s authoritative examination draws on his own experiences in political arenas bridging historical and modern debates This book is highly recommended for scholars students and readers interested in political philosophy Morley s analysis envelops readers in the intricate web of Machiavelli s ideas inviting them to challenge prevailing perceptions and engage with the deeper implications of power and ethics in political structures A must read for anyone seeking a nuanced understanding of one of history s most provocative figures In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read *Machiavelli in Tumult* Gabriele Pedullà, 2018-08-30 Among the theses that for centuries have ensured Niccol Machiavelli an ambiguous fame a special place goes to his extremely positive opinion of social conflicts and more in particular to the claim that in ancient Rome the disunion between the plebs and the Roman senate made that republic free and powerful Discourses on Livy I 4 Contrary to a long tradition that had always highly valued civic concord Machiavelli thought that at least under certain conditions internecine discord could be a source of strength and not of weakness and built upon this daring proposition an original vision of political order Machiavelli in Tumult originally published in Italian in 2011 is the first book length study entirely devoted to analyzing this idea its ancient roots never before identified its enduring but often invisible influence up until the American and the French Revolution and beyond and its relevance for contemporary political theory **Machiavelli and the Modern State**

Louis Dyer,1904 Excerpt from Machiavelli and the Modern State Chapters on His Prince His Use of History and His Idea of Morals Being Three Lectures Delivered in 1899 at the Royal Institution St Thomas Aquinas That Machiavelli's indebtedness to Dante in respect of his conception of *virtu* should be so numis takable seems the more startling because our author himself has been at some pains to associate his use of *virtu* with the nomenclature of medical diagnosis borrowed so continually About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Machiavelli and the modern State, 3 lectures** Louis Dyer,1904 **Machiavelli's Art of Politics** Alejandro Barcenas,2015-06-02 In Machiavelli's Art of Politics Alejandro Barcenas offers a reexamination of Niccol Machiavelli's political thought in order to propose a concise and historically accurate portrayal of his ideas and intellectual context This study provides a nuanced view of the complexities of Machiavelli's thought by analyzing his classical background taking into particular consideration the influence of Xenophon and his view of the ideal ruler as someone who creates the conditions for a flourishing human life In addition Barcenas explains why Machiavelli defends a republican political order that encourages citizens to live according to their own laws while serving a common good and revises his legacy through the writings of Leo Strauss Eric Voegelin and Maurizio Viroli *Thoughts on Machiavelli* Leo Strauss,2014-07-04 The esteemed philosopher's assessment of good evil and the value of Machiavelli Leo Strauss argued that the most visible fact about Machiavelli's doctrine is also the most useful one Machiavelli seems to be a teacher of wickedness Strauss sought to incorporate this idea in his interpretation without permitting it to overwhelm or exhaust his exegesis of *The Prince* and *Discourses on the First Ten Books of Livy* We are in sympathy he writes with the simple opinion about Machiavelli namely the wickedness of his teaching not only because it is wholesome but above all because a failure to take that opinion seriously prevents one from doing justice to what is truly admirable in Machiavelli the intrepidity of his thought the grandeur of his vision and the graceful subtlety of his speech This critique of the founder of modern political philosophy by this prominent twentieth century scholar is an essential text for students of both authors **Machiavelli and Political Conspiracies** Alessandro Campi,2018-06-27 The theme of conspiracy is central to Machiavelli's writing His work offers observations and analysis of conspiracy as part of the armoury of the Renaissance politician Surprisingly the theme has not yet received the attention it merits This volume corrects an interpretation which reduces Machiavelli's position to one of censorious observer of conspiracies Quite to the contrary as Campi demonstrates Machiavelli developed an anatomy of conspiracy and provided a practical manual for coup d tat and violent seizure of power Niccolò Machiavelli and His Times
