Macroeconomics Robert Ernest Hall,Marc Lieberman,2001 Macroeconomics Principles and Applications provides a lively rigorous introduction to basic economic theory and its applications It has been carefully crafted in terms of both

content and supporting pedagogy to keep students focused on learning and applying the central ideas used in economic analysis. Its objective is to be a study tool for students and a complement to rather than a substitute for the instructor. Pedagogy and applications are designed to maintain a focus on the fundamentals while allowing instructors the flexibility to bring in additional material as they choose. In text, Internet links, and a dedicated Web site provide opportunities and exercises for students to access and analyze additional real world economic applications. This text is available in combined micro macro hardcover and in softcover split versions.
