MAINTENANCE GUIDE:

How to Perform 100-Hour Service on a 2-Stroke Mercury Outboard

Follow these instructions to perform a 100-hour service on your Mercury two-stroke. Keeping your outboard running smoothly takes just a few hours and allows you to tackle small symptoms before they become significant problems. Too many times, we see customers in a rush to complete a service that they don't give proper attention to signs of trouble within the changed parts and fluids. This Maintenance Guide teaches you to look for telltales in lower unit oil, spark plugs, and filters so that you can identify problems early.
