Magic Of Lines Line Illustration By Global:

The Magic of Lines Kuang Chu, Liu Zheng, 2014 Magic of Lines displays the line's rich diversification in forms and its vehement and unique expressiveness in illustrated works. It includes elaborate introductions as well as interviews with ten of the most talented illustrators specialising in line work from around the world. The Magic of Lines II Cypi Press, 2016-06 Magic of Lines II returns to the rich source of inspiration found in the most basic of illustrative forms: lines themselves. Works from a multitude of artists from all around the world explore how a talented illustrator can guide a viewer's eye with the most simple of expressions and create movement and vivid depth with only a few strokes of a pen. The human body, impressionistic images, natural forms and overwhelmingly detailed patterns are all accompanied by interviews with the artists offering insight into their own inspirations and methods as well as suggestions for artists aspiring to reach new heights in their own art.

Discovery - Urban Fantasy: Blurring the Lines Between Conspiracy and Reality Louise McLaughlin, 2025-10-31 The gods, witches and politicians all enjoy the daily tug of war for control. In a world of constant scheming and manoeuvring, their peaceful world of ruining each other's day was truly disrupted. What if it was all just a distraction keeping everyone busy until They came back home again? At the urging of her beloved grandmother, Cassie takes an apparently safe and humdrum job in a government office in Glasgow. However, it turns out the conspiracy theorists are right and there's more to the civil service than box ticking and inscrutable acronyms. When Cassie is drawn into a plot involving alien invaders, unscrupulous billionaires and the highest levels of government, she also discovers that living in her home city are a group of semi-retired gods, witches and supernatural beings hidden in plain sight. As Cassie's true power becomes apparent, she becomes a vital ally against the forces that want to rid the world of gods and humans alike. They have only 10 days to save the human race and themselves.

Reader reviews: 5 Star. A Bold and Brilliant Urban Fantasy That's Equal Parts Witty, Weird and Wonderfully Relevant. If you enjoy books that mix mythology with modernity, conspiracy with comedy and action with actual insight, *Discovery* is an absolute must-read. It's Douglas Adams meets Neil Gaiman with a dash of Ben Aaronovitch. Highly recommended for fans of urban fantasy who want more than just magic and monsters. This one lingers long after the last page. 5 Star. This is one of those books that immediately made me sit up and think, 'Why haven't I read anything like this before?' *Discovery* is sharp, sly and packed with original ideas that explode off the page. 5 Star. *Discovery* is one of those rare books that defies easy categorization and that's exactly what makes it so addictive. It's urban fantasy, yes, but it's also political satire, mythological thriller, sci-fi adventure and something else entirely. The comparison to *Good Omens* is earned, but I'd also say fans of *The City*, *The City* or *American Gods* will find something to love here. 5 Star. A brilliantly original urban fantasy. *Discovery* blends government satire, supernatural lore and alien conspiracies with clever writing and a pitch-perfect sense of humor. Cassie is a

relatable and quietly powerful heroine thrust into a surreal world where gods witches and civil servants collide Feels like Good Omens met Yes Minister in a Glasgow pub Smart funny and refreshingly bold Customers say Customers enjoy this urban fantasy book for its clever blend of conspiracy theories and supernatural elements with one review noting how well the characters and plot work together Customers find the book entertaining with one mentioning it keeps readers hooked until the end and appreciate its satirical humor The story receives positive feedback for its suspenseful narrative with one customer highlighting its strong start to the series Customers praise the book s intelligence and pacing with one review noting its intricate world building
