

## 5-1 General description

### 1 - Introduction

The transmission is the modular type, the standard version of which has a gearbox with 6 synchronized gears, three selection ranges (low - standard - fast) and a synchronized reverse shuttle.

On request, Top tractors can be equipped with an electrohydraulically engaged reduction unit that can be operated on load in order to reduce the speed by 20%.

Again on request, all tractors (both Top and techno) can be equipped with a creeper gear that reduces the speed by 80%.

The Top and techno transmissions mounted on Legend 105 – 115 – 130 – 145 tractor are identical, while most of the gears and the bevel gear pair in the transmission installed in model 165 are subjected to a special shot-peening treatment that increases its resistance to stress. It also has an extra disc in the brake assembly (5 instead of 6) and, consequently, two side final drives with different components.

omitted This same part number 637 was reprinted by the factory in September 1961 1000 copies Finally in November 1962 Alfa issued 2000 copies of a 15 page booklet Enclosure to the Shop Manual Technical Characteristics Part No 854 This booklet expanded the technical data for the 1300cc models that was previously included in Technical Specifications section of both the ring bound and softbound workshop manuals However in 1962 the Giulietta sport models Sprint Sprint Special and Spider were fitted with the new 1600cc engine and the Giulietta Series 101 name was dropped but they continued to be sold under the Giulia name as 101 Series vehicles until they were replaced by the all new 105 Series Giulia based models in 1965 Consequently for the sake of completeness the 20 page October 1963 Technical Characteristics booklet Part No 955 1000 copies for the 1600cc Giulia Ti Spider Sprint and the 7 page October 1964 Technical Characteristics for the Giulia Spider Veloce should be a required addition to this list of manuals for the 750 and 101 Series models *Alfa Romeo Giulia 1750, 2000 1962-1978 Owners Workshop Manual* Autobooks Team of Writers and Illustrators, Autobooks, Brooklands Books, Velocepress, 2002-01-01 VelocePress in close cooperation with Brooklands Books Ltd has brought this and other repair manuals previously published as part of the Autobooks Owners Workshop Manual Series back into print The series is an invaluable resource for the classic car enthusiast and a must have for owners interested in performing their own maintenance Mini workshop manual, all models\*, 1978 **ALFA ROMEO GIULIA WORKSHOP MANUAL 1962-1975 ALL MODELS 1300, 1600, 1750 & 2000cc** FLOYD.
