Language And Literacy Studying Discourse In Communities And Classrooms:

Language and Literacy Eleanor Kutz, 1997 Language and Literacy introduces the study of language as discourse language as it is used by speakers and writers for authentic purposes

Classroom Discourse Courtney B. Cazden, 1988 Readers will emerge from the book with a better understanding of the significance of quality teacher student talk and some of the most important research and researchers

On Discourse Analysis in Classrooms David Bloome, Stephanie Power Carter, Beth Morton Christian, Samara Madrid, Sheila Otto, Nora Stuart-Faris, Mandy Smith, 2008 This book in the NCRL Collection provides an introductory discussion of discourse analysis of language and literacy events in classrooms The authors introduce approaches to discourse analysis in a way that redefines traditional topics and provokes the imagination of researchers For those who have limited knowledge of discourse analysis this book will help generate new questions about literacy events in classrooms For those familiar with this research perspective it will map diverse new approaches Offers examples of classroom discourse with analyses that researchers and practitioners can use as the basis for pursuing their own analyses Rob Tierney Dean Faculty of Education University of British Columbia On Discourse Analysis provokes us to rethink discourse analytic approaches as generative tools that can open up new ways of seeing language and literacy events in classrooms The authors richly illustrate the complexity and potential of discourse analysis studies with cases that orient us to foreground the local with broader cultural historical and social relations in ways that make evident what it means to be human On Discourse Analysis provides a fresh approach to discourse analysis studies Kris Gutierrez University of California at Los Angeles

Discourse Analysis and the Study of Classroom Language and Literacy Events David Bloome, Stephanie Power Carter, Beth Morton Christian, Sheila Otto, Nora Stuart-Faris, 2004-09-22 The authors present a social linguistic social interactional approach to the discourse analysis of classroom language and literacy events Building on recent theories in interactional sociolinguistics literary theory social anthropology critical discourse analysis and the New Literacy Studies they describe a microethnographic approach to discourse analysis that provides a reflexive and recursive research process that continually questions what counts as knowledge in and of the interactions among teachers and students The approach combines attention to how people use language and other systems of communication in constructing classroom events with attention to social cultural and political processes The focus of attention is on actual people acting and reacting to each other creating and recreating the worlds in which they live One contribution of the microethnographic approach is to highlight the conception of people as complex multi dimensional actors who together use what is given by culture language social and economic capital to create new meanings social relationships and possibilities and to recreate culture and language The approach presented by the authors does not separate methodological theoretical and epistemological issues Instead they argue that research always involves a dialectical relationship among the object of the research the theoretical frameworks and methodologies driving the research and the situations within which the research is

being conducted Discourse Analysis and the Study of Classroom Language and Literacy Events A Microethnographic Perspective introduces key constructs and the intellectual and disciplinary foundations of the microethnographic approach addresses the use of this approach to gain insight into three often discussed issues in research on classroom literacy events classroom literacy events as cultural action the social construction of identity and power relations in and through classroom literacy events presents transcripts of classroom literacy events to illustrate how theoretical constructs the research issue the research site methods research techniques and previous studies of discourse analysis come together to constitute a discourse analysis and discusses the complexity of locating microethnographic discourse analysis studies within the field of literacy studies and within broader intellectual movements This volume is of broad interest and will be widely welcomed by scholars and students in the field language and literacy studies educational researchers focusing on analysis of classroom discourse educational sociolinguists and sociologists and anthropologists focusing on face to face interaction and language use

Creating Classroom Communities of Learning Roger Barnard, María E. Torres-Guzmán, 2008-12-18 The case studies in this book are based on transcripts of classroom interaction in nine different countries In each chapter the first author explains the specific context and through a theoretical and or experiential perspective interprets the transcript data The data are then re interpreted by other authors in the book illustrating the complexity and richness of interpretation and creating a dialogue among the book s contributors At the end of each chapter readers are then invited with assistance to join in the conversation by providing their own interpretations of other transcript data from the same context The book will be useful for student teachers or practicing professionals as well as all educators interested in exploratory classroom research

Ways with Words Shirley Brice Heath, 2013-09-03 This book first published in 1983 traces language patterns and cultural differences between Roadville and Tracton
