

English 101: English Composition 1

Fall 2010 – Item: 4039

Instructor Info

Caitlin Carle
ccarle@greenriver.edu

Class: When/Where

1:00-1:50 daily
SMT 133

Office Hours:

HSA-37A

Daily 11:00AM-12:00PM

By appointment (email me)

Required Materials

- The Writer's Presence: A Pool of Readings, Editors: McQuade and Atwan. Bedford, 2009.
- A Writer's Reference, 6th Edition by Diana Hacker. *Strongly Recommended*.
- Access to Angel, a Green River email account, a USB drive, or reliable email to send yourself drafts.
- A folder to store class notes, handouts, and short writing assignments.

Course Description

You are not writing to a houseplant! But who are you writing for? And *how* should you write for that group/person? One of the many goals of English 101 is to answer that question and to help guide you toward more thoughtful, complicated writing than you may have done in past classes. Your writing in English 101 (as well as the writing you do for the rest of your life) is meant to be read by real people (not just a teacher) and should take part in an ongoing conversation; this means your work will address, add to, and question the ideas proposed by other writers in the same field (we will discuss this "field" later!).

This course is designed to help familiarize you with the styles of thinking and communication typically used in these academic "conversations" and by doing so, help to familiarize you with many of the skills you will use throughout your college career.

The papers we write in English 101 rely on intellectual exploration and critical analysis. Analysis, in this case, requires you to work as both a thoughtful reader and writer in order to grapple with what may not be seen about a subject on the first or second glance. This type of thinking requires you to resist the urge to find "one solution" or answer to a complex problem; instead, we will examine multiple sides, push the question into new areas, and, in turn, question our own thinking.

Some questions we will explore this quarter:

- How does our writing fit within ongoing conversations?
- What rhetorical tools do writers use to make their works more explicit and engaging?
- What writing processes can help guide me toward a complete work?
- Who is meant to read my writing? How can I write for a specific audience?

Language Of Composition Answers:

The Book of Answers Tanya Stivers, 2022 Imagine for a moment the only way to confirm a yes no question was by saying Yeah How different would this make our communication Relying on a large corpus of naturally occurring recordings of spontaneous social interaction this book explores all of the ways that we confirm questions in our everyday social lives Tanya Stivers analyzes what these different ways of responding allow us to do that is unique to each answer type When do we answer with Yeah rather than He is for instance or when do we use more complicated forms of confirming This information provides us with the basic response possibility space From that point we can examine what the range of responses in particular answers tells us about what is important to us in managing social relationships through social interaction The book explains that we can conceptualize the response possibility space as having three dimensions alignment autonomy and affiliation Speakers rely on the details of their response to position themselves at a particular point in that three dimensional space sometimes accepting trade offs among the dimensions to achieve a stance that is higher in alignment and autonomy and lower in affiliation or higher in affiliation and autonomy but lower in alignment The Book of Answers uses real life conversations to find hidden patterns in how we do things together such as reach decisions tell stories or arrive at agreement or disagreement Delving into the science of how we talk this book investigates what those patterns tell us about human communication and our social lives

Department of Printed Books, 1902 *Orwell's*

"Politics and the English Language" in the Age of Pseudocracy Hans Ostrom, William Haltom, 2018-03-19 Orwell's Politics and the English Language in the Age of Pseudocracy visits the essay as if for the first time clearing away lore about the essay and responding to the prose itself. It shows how many of Orwell's rules and admonitions are far less useful than they are famed to be but it also shows how some of them can be refurbished for our age and how his major claim that politics corrupts language which then corrupts political discourse further and so on indefinitely can best be re-deployed today. Politics and the English Language has encouraged generations of writers and readers and teachers and students to take great care to be skeptical and clear-sighted. The essay itself requires a fresh clear skeptical analysis so that it can with reapplication reclaim its status as a touchstone in our era of the rule of falsehood the age of pseudocracy.
