 look style and functionality of the CJ made it instantly popular and recognizable the world over in no doubt partly due to its  
 military presence in World War II The Jeep Wrangler platform had the difficult task of replacing the extremely popular CJ  
 platform Outwardly similar in appearance the YJ TJ and JK that followed all had significant design improvements as can be  
 expected when a platform has a life span of more than five decades The YJ was the first Chrysler release after it purchased  
 AMC in the mid 1980s and it was aimed at taming the original CJ for more comfort and arguably a larger audience The TJ  
 that followed next was an evolutionary update significant in that it featured a coil spring suspension and the celebrated  
 return of round headlights for a more traditional look compared to the square lights of the YJ In Jeep TJ 1997 2006 How to
