Financial Accounting Making the Connection 1e has been developed based on the great success of Financial Accounting 2e. Spiceland Thomas Herrmann 2e was developed with feedback from over 330 reviewers and focus group participants from across the country. With the usage of digital resources growing exponentially and high Connect usage rates among instructors and students using Financial Accounting 2e, Financial Accounting Making the Connection 1e removes all end of chapter content from the 2e print text and houses it exclusively in Connect. The result is the same highly successful content contained in 2e without the added page length of end of chapter problems and exercises. Financial Accounting Making the Connection 1e also provides additional study materials and explanations through short tutorial videos and practice activities that can be accessed via SmartPhone by scanning the Quick Response codes in the margin. Just like with Financial Accounting 2e, the authors David Spiceland, Wayne Thomas, and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the course to non majors with a Career Corner, and communicating it all in a student friendly Conversational Writing Style.
