Vol. 31: Going Film Pro II: The Canon EOS 1N: Standard Edition Shawn M. Tomlinson, 2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There s just something about the way the Canon EOS 1N feels in my hands when I m shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5 Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go **Popular Photography** ,2008-12 **A Photo Curmudgeon's Tale** Shawn M. Tomlinson, 2015-06-17 Long time columnist and lifelong photographer Shawn M Tomlinson writes about the art and technique of photography with wit and humor He focuses in his Photo Curmudgeon columns on getting started in as well as moving into advanced photography Instead of concentrating upon the newest shiniest photographic equipment Tomlinson works with all levels of older equipment makes recommendations and recounts his own Voyages of Photography He helps the novice get started with higher end older cameras and lenses and helps with photo editing suggestions and techniques Popular Photography ,2009 Minolta Vectis S-1/S-100 User's Guide Joel Lacey, 1997-12-01 **Complete User's Manual for the Rollei TLR** Ian Parker, 1994 For every possible detail on the operation and function of the Rollei twin lens reflex camera regardless of model this is the book that should be owned by users collectors and dealers
