Lewis,2004-01-01 Main Currents in Caribbean Thought probes deeply into the multicultural origins of Caribbean society defining and tracing the evolution of the distinctive ideology that has arisen from the region s unique historical mixture of peoples and beliefs Among the topics that noted scholar Gordon K Lewis covers are the sixteenth and seventeenth century beginnings of Caribbean thought pro and antislavery ideologies the growth of Antillean nationalist and anticolonialist thought during the nineteenth century and the development of the region s characteristic secret religious cults from imported religions and European thought Since its original publication in 1983 Main Currents in Caribbean Thought has remained one of the most ambitious works to date by a leader in modern Caribbean scholarship By looking into the Caribbean mind Lewis shows how European African and Asian ideas became creolized and Americanized creating an entirely new ideology that continues to shape Caribbean thought and society today      **Peacebuilding with Women in Ukraine** Maureen Flaherty,2012-07-23 Twenty years post independence Ukraine remains split still floundering toward viable democracy Active participation in civic affairs required for democracy is unfamiliar for most Ukrainian citizens having internalized centuries of divisive oppression under a series of authoritarian regimes Democracy building and peace building require participant agency and voice rising out of oppression people often need support to speak about and transform their lived experiences Peacebuilding with Women in Ukraine Using Narrative to

Envision a Common Future by Maureen P Flaherty explores the roles women s shared narrative dialogue and group visioning play in the support of personal empowerment and bridge building between diverse communities Despite participants initial beliefs that their regional counterparts shared little in common with them in the process of telling their personal life stories women were able to reflect upon their own values and strengths and with this rooting they were then able to reach out to others Rather than looking for differences participants sought ways to express a shared vision for an inclusive functional peace building future for themselves their families and Ukraine as a whole Peacebuilding with Women in Ukraine is a model for emancipatory social action and social change while the women s stories offer a window into the formative years and present day lives of eighteen women born and raised in the Soviet Union This study is a unique contribution to peace studies and to the history and building of a country that has most often had its history written for it
