volume is a bold attempt to address a comprehensive range of themes and issues relating to contemporary Kenya. It covers independent Kenya's history, society, culture, economics, politics, and environment with great breadth and depth, comprising thirty-four chapters divided into three parts. Part I focuses on independence and the political economy of development, followed by Part II on environment, globalization, gender, and society. Part III examines the external context's impact and implications for Kenya and the role of Kenya in the global political economy. Academic Freedom 4 Ximena Erazo, Mike Kirkwood, Frederiek de Vlaming, 1995-12-01. In 1988 the World University Service formulated the Lima Declaration on Academic Freedom and the Autonomy of Institutions of Higher Education. This seeks to promote and protect the right to education, the freedom to teach, and the freedom to pursue, develop, and transmit knowledge. Since then WUS and Zed Books have published a series of reports on specific countries' failures to deliver the right to education, abuses of the rights of people in the educational sector generally, and infringements of academic freedom and university autonomy. Academic Freedom 4 the most recent volume in the series offers an overview of the international standards in this field and spells out the obligations of states in guaranteeing the educational rights of citizens. The reports on specific countries show the wide range of obstacles standing in the way of a full realization of the right to education. Several chapters analyse how disinvestment in education has undermined this right, particularly for women and minorities. In several parts of the world, structural adjustment programmes go hand in hand with stricter government control, including censorship of universities, while in others the control of education by religious groups has emerged as a new challenge affecting both the quality of education and the level of tolerance in society. Other reports show why two factors, the existence of highly educated refugees and the globalization of the world economy, demand a much wider international recognition of educational qualifications. **A Decade of Graduation Day at Kenyatta University**, 2002. **International Handbook of Universities** International Association of Universities, 1993.
