(TS) Las Vegas is the most surreal city anywhere in the world. (CD) For instance, the center of the city is full of different kinds of buildings including a two-thirds scale Eiffel Tower, a giant black glass pyramid, a scaled-down replica of the New York skyline, and a faux Medieval castle. (CM) The whole place reminds me of a big amusement park like Disneyland with its different "lands." (CM) It's as if each building was constructed in isolation without any consideration of the other buildings. (CD) In addition, this center is surrounded by a sprawl of suburbs housing close to two million people and stretching out into the desert. (CM) I always wonder what made so many people want to live in such an inhospitable place. (CM) All those people and houses almost seem as if they traveled across the wasteland and gathered to pay homage to the weird buildings in the center. (CS) Las Vegas is such a strange city, it is hard to believe it actually exists unless you actually go there and experience it for yourself.

A Story of Their Own Rebecca Jean Peacock, 2003 *From the Edge* Allison E. Fagan, 2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins
