**Journal of the Senate of the United States of America** United States. Congress. Senate, Difficult Conversations Róisín Ryan-Flood, Isabel Crowhurst, Laurie James-Hawkins, 2023-02-01 This book explores difficult conversations in feminist theory as an integral part of social and theoretical transformations Focusing on intersectionality within feminist theory the book critically addresses questions of power and difference as a central feminist concern It presents ethical political social and emotional dilemmas while negotiating difficult conversations particularly in terms of sexuality class race ethnicity and cross identification between the researcher and researched Topics covered include challenging cultural relativism queer marginalisation research and affect and feminism and the digital realm This book is aimed primarily at students lecturers and researchers interested in epistemology research methodology gender identity and social theory The interdisciplinary nature of the book is aimed at reaching the broadest possible audience including those engaged with feminist theory anthropology social policy sociology psychology and geography Encyclopedia of Public Administration and Public Policy - 5 Volume Set Domonic A. Bearfield, Evan Berman, Melvin J. Dubnick, 2020-08-14 Now in its third edition Encyclopedia of Public Administration and Public Policy remains the definitive source for article length presentations spanning the fields of public administration and public policy It includes entries for Budgeting Bureaucracy Conflict resolution Countries and regions Court administration Gender issues Health care Human resource management Law Local government Methods Organization Performance Policy areas Policy making process Procurement State government Theories This revamped five volume edition is a reconceptualization of the first edition by Jack Rabin It incorporates over 225 new entries and over 100 revisions including a range of contributions and updates from the renowned academic and practitioner leaders of today as well as the next generation of top scholars The entries address topics in clear and coherent language and include references to additional sources for further study *Behavioral Economics and Public Health* Christina A. Roberto, Ichiro Kawachi, 2015-09-01 Behavioral Economics and Public Health is the first book to apply the groundbreaking insights of behavioral economics to the persisting problems of health behaviors and behavior change In addition to providing a primer on the behavioral economics principles that are most relevant to public health this book offers details on how these principles can be employed to mitigating the world's greatest health threats including obesity smoking risky sexual behavior and excessive drinking With contributions from an international team of scholars from psychology economics marketing public health and medicine this book is a trailblazing new approach to the most difficult and important problems of our time Globalisation and the Challenges of Development in Contemporary India Sita Venkateswar, Sekhar Bandyopadhyay, 2016-03-14 This volume brings together multidisciplinary situated and nuanced analyses of contingent issues framing a rapidly changing India in the 21st century It moves beyond the ready dichotomies that are often extended to understand India as a series of contrasts and offers new insights into the complex realities of India today thereby enabling us

to anticipate the decades to come The editors focus on three major themes each discussed in a section The first section Framing the Macro Economic Environment defines the framework for interrogating globalisation and socio economic changes in India over the last few decades of the 20th century spiraling into India in the 21st century The next section Food Security and Natural Resources highlights critical considerations involved in feeding a burgeoning population The discussions pose important questions in relation to the resilience of both people and planet confronting increasingly unpredictable climate induced scenarios The final section Development Activism and Changing Technologies discusses some of the social challenges of contemporary India through the lens of inequalities and emergent activisms The section concludes with an elaboration of the potential and promise of changing technologies and new social media to build an informed and active citizenry across existing social divides

**The Disputed Freedoms of a Disrupted Press** Ivor Shapiro,2023-07-31 The Disputed Freedoms of a Disrupted Press explores the origins connections and contradictions evident amongst divergent understandings of press freedom around the world Drawing on examples from various countries and cultures this book distinguishes the universal right of free expression from the more complex and innately conditional liberties claimed by news media It examines journalists common goals and norms in light of polarized and disordered information channels reckonings with identity and privilege diminished public trust and altered revenue streams The author discusses emerging forms of accurate contextualized news production and argues that journalistic autonomy can be sustained only through demonstrated accountability for providing factual information about public affairs according to self regulated professional standards The book concludes by proposing a principle based framework for enhancing the case for press protections and opposing disinformation while minimizing harm Adopting this approach would require many publishers and editors to consider paradigm shifts and structural changes This is a timely contribution to the body of literature on press freedom and will be a valued resource for advanced students and researchers seeking a contemporary understanding of journalistic practice and the evolving foundations of media law
