In front of Bonfleur have long been the houses of the Friars and many spiritual masters. On the hill of Galles have been upholding the balance of the sea for the past generations, and now there is a large in the trees of Bonfleur. Still, the wind blowing through the forest reminds the Elven of peace and stability. The trees grow to great heights before the Orcs come, and they will exist long after the Orcs have been banished from the Kingdom of Yon of Galles.

East Kowloon is inhabited by many of the same minorities found in the west, however, the geography of the area is of greater interest. There are many hills and valleys in the east, making it more similar to the rugged terrain. In the southern end of the area is Kowloon Peak (one of the 'Three Peaks'). This is both a place of spiritual importance and good recreation; it's also a fairly thick area in certain parts of Inner City.
