**The Logic of American Politics** Samuel Kernell, Gary C. Jacobson, Thad Kousser, Lynn Vavreck, 2017-02-27 This new edition of the bestselling The Logic of American Politics is thoroughly updated and covers the dramatic 2016 election results with a thorough analysis of those results It arms students with a revised introduction to institutional design that makes concepts such as command veto agenda control voting rules and delegation easier for students to master and apply so they clearly see how the American political system was devised and why it works the way it does Authors Samuel Kernell Gary C Jacobson Thad Kousser and Lynn Vavreck build students critical thinking through a simple yet powerful idea politics is about solving collective action problems This new edition continues to delve into partisan differences among voters and in government and highlight the increasingly partisan nature of campaigns By exploring issues such as the Affordable Care Act's troubled implementation the increasing legalization of marijuana and same sex marriage in the states and the debate over immigration the book illustrates how the institutional structures of government federalism and even campaigns can help voters make sense of their choices The concluding chapter on policymaking examines the noticeable logic that guides American policy as shown through issues like health care reform global climate change and the federal budget Students glean insights into the sources of policy problems identify possible solutions and realize why agreement on those solutions is often so hard to achieve

**The End of Public Schools** David W. Hursh, 2015-10-16 The End of Public Schools analyzes the effect of foundations corporations and non governmental

organizations on the rise of neoliberal principles in public education By first contextualizing the privatization of education within the context of a larger educational crisis and with particular emphasis on the Gates Foundation and influential state and national politicians it describes how specific policies that limit public control are advanced across all levels Informed by a thorough understanding of issues such as standardized testing teacher tenure and charter schools David Hursh provides a political and pedagogical critique of the current school reform movement as well details about the increasing resistance efforts on the part of parents teachers and the general public

**The Engaged Scholar** Andrew J. Hoffman, 2021-03-02

Society and democracy are ever threatened by the fall of fact Rigorous analysis of facts the hard boundary between truth and opinion and fidelity to reputable sources of factual information are all in alarming decline A 2018 report published by the RAND Corporation labeled this problem truth decay and Andrew J Hoffman lays the challenge of fixing it at the door of the academy But as he points out academia is prevented from carrying this out due to its own existential crisis a crisis of relevance Scholarship rarely moves very far beyond the walls of the academy and is certainly not accessing the primarily civic spaces it needs to reach in order to mitigate truth corruption In this brief but compelling book Hoffman draws upon existing literature and personal experience to bring attention to the problem of academic insularity where it comes from and where if left to grow unchecked it will go and argues for the emergence of a more publicly and politically engaged scholar This book is a call to make that path toward public engagement more acceptable and legitimate for those who do it to enlarge the tent to be inclusive of multiple ways that one enacts the role of academic scholar in today's world

**Atlas of Material Worlds** Matthew Seibert, 2021-08-17

Atlas of Material Worlds is a highly designed narrative atlas illustrating the agency of nonliving materials with unique ubiquitous and often hidden influence on our daily lives Employing new materialism as a jumping off point it examines the increasingly blurry lines between the organic and inorganic engaging the following questions What roles do nonliving materials play Might a closer examination of those roles reveal an undeniable agency we have long overlooked or disregarded If so does this material agency change our understanding of the social structures ecologies economies cosmologies technologies and landscapes that surround us And perhaps most importantly why does material agency matter This is the story of the world's driest nonpolar desert pink flamingos and cerulean blue lithium ponds industrial shipping logistics pudding like jiggling substrates and monuments of mud galactic bodies radioactive sheep and the yellowcake of uranium Put simply this book dares readers to see the world anew from material up Atlas of Material Worlds offers this new relationship to our host environment in a time of mounting crises accelerating climate change ballooning socioeconomic inequality and rising toxic nationalism uniquely telling materialist stories for practitioners and students in landscape architecture and other built environment disciplines

**Anchoring Innovation Districts** Costas Spirou, 2021-05-18

As universities transform cities with their innovation districts what works in these new public private partnerships In recent years the successful revitalization of urban areas has turned them into magnets for those looking for

opportunities in a fast paced and rapidly unfolding technology based economy After the economic crisis of 2008 many colleges and universities attempted to generate alternative sources of revenue and pursued aggressive economic development strategies Some universities even began to actively invest resources in the rebirth and rebranding of urban cores encouraging the development of entrepreneurial technology oriented innovation districts In *Anchoring Innovation Districts* Costas Spirou explains that these districts have emerged as geographic clusters of technology startups business incubators and accelerators They aim to take advantage of intellectual capital commercialize knowledge and give their associated institutions a way to enter into the market The outcome of robust private public partnerships and complex real estate strategies these initiatives also complement other urban revitalization efforts and reshape the socioeconomic makeup of city neighborhoods Presenting readers with six case studies that explore the role of technological innovation Spirou argues that higher education anchored innovation districts can make significant contributions to economic expansion job growth and the institutions that guide their development He also points out that these districts nonetheless raise questions about the impact of the Ivory Tower on the urban environment Spirou focuses on Midtown Atlanta's Tech Square Georgia Tech Cambridge's Kendall Square MIT Philadelphia's University City the University of Pennsylvania Drexel University and the University of the Sciences the PHX Core Arizona State University and the role that the University of West Florida in Pensacola and the University of Tennessee at Chattanooga play in developing innovation ecosystems *Anchoring Innovation Districts* provides unique insight into the transformative opportunities offered and the challenges faced by higher education in the built environment University administrators board members policy makers and scholars will find Spirou's analysis thought provoking and helpful
