## **Kwazulu Natal Prospectus For 2016:**

**University Community Engagement and Lifelong Learning** Julia Preece, 2017-07-13 This book offers a conceptual re-think of how university community engagement functions as a lifelong learning resource for communities. While having a specific focus on the South African context, it has important implications for other universities which are concerned with their communities and makes a compelling argument for the university as a public good in spite of current trends towards marketization and commodification of higher education. The book draws on a theoretical framework of capabilities asset-based community development and the adult learning concept of dialogue to propose a model whereby the boundary walls of the university become metaphorically porous so that community members feel free to interact with the university as equal members of society. A historical outline of African universities is provided as well as an exploration of the evolution of terms for community engagement, service learning and learning cities and an examination of the policy and practice implications for the ideological model of a porous university.

**Places of Privilege**, 2018-07-19 *Places of Privilege* examines dynamics of privilege and power in the construction of place in a period of the rapid social transformation of places, borders and boundaries. Drawing on interdisciplinary perspectives, the book examines place as a site for the making and re-making of privilege while considering new meanings of community and examining spaces for cultural identity and resistance. Chapters point to a range of conceptual resources that can be utilised to produce critical analyses of place-making. As the authors point out, power and privilege shape place, but these dynamics are in turn shaped by the specific place-based histories and social dynamics within which they are located. Contributors are: Lutfiye Ali, Alison M. Baker, Paola Bilbrough, Tony Birch, Jora Broerse, Sally Clark, Josephine Cornell, Yon Hsu, Lou Iaquinto, Karen Jackson, Shose Kessi, Rebecca Lyons, Chris McConville, Nicole Oke, Amy Quayle, Alexandra Ramirez, Kopano Ratele, Christopher C. Sonn and Ramona Spaaij.

**Death and Taxes** Johann van Loggerenberg, 2018-07-13 Nothing in life is certain except death and taxes, or so the expression goes. And over the past two decades, South African criminals and tax dodgers have come to realise this truth the hard way. Tax sleuth Johann van Loggerenberg was at the centre of many of SARS' high-profile cases during his time there. As far as SARS is concerned, all forms of income are subjected to tax, even if by ill-gotten means. Whether you are a drug dealer from Durban, one of the hitmen who shot Brett Kebble, or soccer boss Irvin Khoza, you have to pay your dues. Van Loggerenberg relates the riveting inside stories of the investigations into businessmen like Dave King, Billy Rautenbach, Barry Tannenbaum and his ponzi scheme, and others. Over the years, he got to know all the scams and dirty tricks in the book, and he explains these in plain language. In these investigations, the tax authority worked closely with the police, the NPA and the Directorate of Special Operations. However, after a few years, SARS became the victim of its own success. In telling the stories of how tax evaders were caught, Van Loggerenberg also shows how the power struggle between different state departments and the phenomenon of state capture in recent years started crippling SARS.
