Discover how to set up and configure your system, plan and configure security settings and information access, easily customize forms, attributes, views, and relationships, create and deploy custom reports, use xRM to quickly create and efficiently manage a line of business applications, automate business workflows, extend Microsoft Dynamics CRM with scripts and assemblies.

*Practical Microsoft Dynamics CRM 2011* Martin W.P. Reid, *Practical Microsoft Dynamics CRM 2011* helps solve the reporting problems that really matter to you and your company. This down-to-earth guide provides readers with an intensely practical tutorial that focuses on how CRM can be used to achieve the real-world results that modern businesses demand. The book emphasizes the application of CRM to solve every-day business challenges in a realistic setting. In particular, it focuses on how CRM entities can be linked together to create powerful reporting solutions that will deliver reliable insights in a flexible and reusable manner. Security, Reporting Views, and Site Mapping are all explained in detail and supported by a fully worked case study showing the techniques in action. Author Martin Reid uses his many years of CRM experience to demonstrate how the many interactions between an organization and the people who deal with it can be captured, conceptualized, and modeled using CRM. He shows you how to create high-quality reporting solutions that can be easily extended and customized according to the unique requirements of your business. What you'll learn: Understand how to link CRM entities together to achieve powerful 360-degree views of records that cannot be achieved using individual entities in isolation. Learn what an Entity Relationship (ER) Model is and how it will revolutionize the way you think about your data. Apply CRM effectively to your own business using the extensive down-to-earth case study as a guide. Discover how CRM security works and the steps you must take to ensure your data remains secure without compromising your ability to achieve a full reporting view of your business. Who this book is for: This book is ideal for anyone working with an existing CRM installation or preparing to create one for the first time. No prior CRM knowledge is assumed, and no coding knowledge is assumed.
