Kvatch Aftermath Guide:

Aftermath! Survival Guide David S. Harmer, 2008-09-19 AFTERMATH Survival Guide provides background information for setting up and running AFTERMATH campaigns set during the collapse. Information is presented as a survival guide to the players to let them plan and prepare with the gamemaster section as a reference in the back. This format allows the gamemaster to decide what collapse scenario will be presented without informing the players. This book covers the following disaster scenarios: Nuclear, Biological, Chemical, Hurricanes, and Tornadoes, Extreme Cold, Drought, Civil Unrest, and Terrorism, Hostile Occupation, Zombie Uprising, and more. This book is also useable as a guide for real world survival and includes crucial information on the hazards of nuclear, biological, and chemical hazards, instructions on how to prepare an evacuation kit or Bug Out Bag, missile targeting and fallout predictions, and a checklist for keeping it all together. **The Aftermath - a**

Guide for Survival J. K. MILIKEN, 2015-10-16 Surviving a disaster or an end of days apocalypse is paramount for us as a species, but we are the ones dooming ourselves into oblivion. After considering this sad epitaph, I wrote *The Aftermath: A Guide for Survival* to help people, families, or groups such as yourself to survive such an event. The first five chapters of the book were designed to help you develop your own personal survival plan, determine what essential survival supplies and equipment you need, and provide you important information to help you survive other survival situations. The book wasn't designed to be a standalone, but to be used as a companion alongside other survival books to help you build your personal survival skills and survivor knowledge.
