Summary of Linchpin by Seth Godin, 2024-07-13

Description: *Linchpin* by Seth Godin: Are you indispensable? A typical workplace consists of two teams: management and labor. Traditionally, the management delegates tasks and the labor follows simple instructions to complete those tasks. This was an incredibly efficient way to do business when people worked in factories and their jobs didn't require them to go above and beyond. The problem, however, is that these people were easily replaceable. And while you may not be working in a factory today, are you dispensable? What makes you different from every other employee willing to do your job? Well, today there is a third team in the workplace: the linchpins. These are the people who figure out what to do when there are no instructions to follow. They love their work, pour their best selves into it, challenge their peers, and turn each day into an art. The best part? You have what it takes to become a linchpin too. To become indispensable. As you read, you'll learn the steps you should take to become indispensable, how to discover your inner artist, and why genuine giftgiving is key to becoming indispensable.

Intrapreneurship Handbook for Librarians by Arne J. Almquist and Sharon G. Almquist, 2017-01-16

Do you have a great idea for an innovation in your library? From idea to execution, this book provides the information necessary to help you to become an intrapreneurial star at your library. Have you ever presented an idea to your boss and had it so firmly rejected that you never want to suggest anything again? Do you feel locked into a rigid hierarchy where bureaucracy has strangled all innovation? Are you motivated to shake things up in your organization to improve it but are afraid of drowning in the waves you'll create? This book explains how any individual can be an effective change agent in his/her library, addressing topics such as getting started, handling difficult situations, creating partnerships both within and outside of your organization, cutting through bureaucratic red tape, and maintaining momentum with initiatives. Written by librarians who are both experienced entrepreneurs and intrapreneurs.

Intrapreneurship Handbook for Librarians: How to Be a Change Agent in Your Library explains what being a library intrapreneur is all about: being empowered to find innovative ways to increase impact, grow resources, and develop new methods of leveraging the skills and perspectives of librarianship to enable the survival of libraries all while enjoying your job more. The chapters guide readers through the intrapreneurial process from writing a plan and selling it to administrators and other stakeholders to securing funding for the idea and actualizing the plan, and answers tough questions such as: How do I let my clients know what my library can offer? How do we compete with the Internet? And how do I gain support for our services in a time of budget cuts? This book will be a priceless resource for all librarians regardless of experience level or type of library, as the principles and guidelines described are universal.
