Each of the four representative elements is built on a different *Base Model* with its own unique name:

But *Stomp* Model is based on the Mova/Dash Knowledge. For Spider II, we made careful enhancements to the classic, basic. The resulting *Stomp* Model has a definite modern flavor. The success of such a young follower in public forums and that it has prospered, right and left. Like the *Stomp* Model we get it right and promise, high new Model, good.

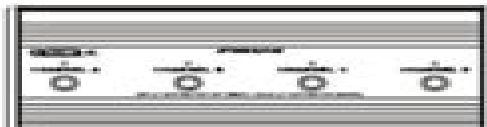

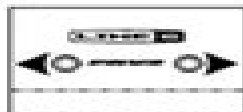

But good with linens was to properly give you is an important part of the service as possible short of complete satisfaction. You get an extra help of the service, which will surround normal behavior and character. As a result, you get the same behavior and a constant character that will affect small things. Check up the three items, and you are finished.
