with the undertaking that he decides to take the big leap from renovation to building a completely new home from the ground up In this case Owen decides to build a weekend cabin a mere six miles away from his home From a discourse on kitchen countertop materials to the complete history of concrete to a near disastrous mishap with a tree a newly constructed roof and an overzealous chainsaw Owen s journey through home designing and building proves both enthrallingly educating and hilariously detailed New Yorker writer Owen s engaging narrative filled with a wealth of practical information hands on tips and canny insights explores the ways in which the human processes of construction and renovation leave all the parties transformed More than a simple how to Sheetrock Shellac is a why to a wellspring of savvy advice and encouragement for anyone who has ever contemplated changing their surroundings and changing their life **Good Housekeeping Best**
