

MARK SCHEME for the May / June 2014 - 0450 BUSINESS STUDIES 0450/21
Paper 2

1 (a) Identify and explain two advantages and two disadvantages to Fabian of working for himself rather than being an employee of another business. [8]

Advantages: • Make own decisions • Choose own work hours • Keep any profits made • Taking more responsibility • More power • Less worried about being unemployed • High level of motivation

Disadvantages: • Not a regular wage • May not be able to take holidays • No one to help him • Limited capital • More worry about business failure • More risk of losing personal possessions • No experience of management/flower business • More administration to carry out

Advantage: Can work the hours Fabian chooses.

Explanation: Can work the hours Fabian chooses as he works for himself and he could work early in the morning if he chooses and take time off later in the day

(b) Refer to Appendix 1. Consider the advantages and disadvantages of each person who wants to form a partnership with Fabian. Recommend which one Fabian should choose. Justify your choice. [12]

Content: **Gowri** – experience of running her own business/quite young/large amount of money to invest/young family/no experience in flower arranging. **Miranda** – experience of shop work/well qualified/no family commitments/little money to invest. **Pamela** – enthusiastic about learning the requirements for the job/has some skills in flower arranging/large amount of capital to invest/no family commitments/older person so more experience with people/no formal qualifications in flower arranging.

Detailed discussion of at least two answers and then a conclusion at the end which justifies who is the best person to choose compared to the other people. Possible application marks: anything from Appendix 1; flowers; flower shop; part-time employees; hotels and restaurants; flower arrangements; new business. There may be other examples in context which have not been included here.

2 (a) Identify and explain two possible business objectives Fabian and his new partner could set for their business. [8]

• Survival/break-even • To make a profit • Growth/expansion • Customer satisfaction/quality of service • Creating a good brand image/reputation

Possible application marks: flowers; flower shop; partnership; hotels and restaurants; flower arrangements; weddings/Valentine's Day/birthdays; imported supplies of flowers.

Objective: Survival Developed explanation: Survival (1) as the business is new and small the partners may not have much experience in the flower market (2). So they want the business to start to get customers and get established in the first year as many businesses fail in their first year (3).

May June 2014 Paper 12 Accounting Mark Scheme

Mark Anthony Camilleri

May June 2014 Paper 12 Accounting Mark Scheme:

Shadow Networks Francisco Louçã, Michael Ash, 2018-10-03 The 2007-08 financial crisis surprised many economists and the public. But how did the crisis come about? Why was it so deep and why has the clean up been so slow and painful? Many accounts of the crisis focus on renegade activity in marginal financial sectors. *Shadow Networks* challenges this prevailing view and sets out to demonstrate that far from a dissident branch, the shadow finance that initiated the crisis is tightly networked with and highly profitable for bank-based finance. The collapse was not an accident but baked into the system of finance from the start. *Shadow Networks* traces the complex web of power that caused crisis and gives vivid descriptions of the actors in the quarter century leading up to 2007 to explain how the now decade-long crisis took shape. *Shadow Networks: Financial Disorder and the System that Caused Crisis* is a probing examination of the roles of the powerful elite. It traces the networks and institutions that support a finance-focused market-centered model of economy and society from their ascendancy to their surprising resilience in the face of manifest failures. **Corporate Sustainability, Social**

Responsibility and Environmental Management Mark Anthony Camilleri, 2017-02-27 This book provides a concise and authoritative guide to corporate social responsibility (CSR) and related paradigms including environmental responsibility, corporate sustainability and responsibility, creating shared value, strategic CSR, stakeholder engagement, corporate citizenship, business ethics and corporate governance among others. It is primarily intended for advanced undergraduate and/or graduate students. Moreover, it is highly relevant for future entrepreneurs, small business owners, non-profit organisations and charitable foundations as it addresses the core aspects of contemporary strategies, public policies and practices. It also features case studies on international policies and principles exploring corporate businesses, environmental, social and governance reporting. Mark Camilleri's new book provides an excellent overview of the eclectic academic literature in this area and presents a lucid description of how savvy companies can embed themselves in circular systems that reduce system-wide externalities, increase economic value and build reputation. A valuable contribution. Charles J. Fombrun, Founder of Reputation Institute and a former Professor of Management at New York University and The Wharton School, University of Pennsylvania, USA. I am pleased to recommend Dr Camilleri's latest book, *Corporate Sustainability, Social Responsibility and Environmental Management*. The book is a rich source of thought for everyone who wants to get deeper insights into this important topic. The accompanying five detailed case studies on a wide array of corporate sustainable and responsible initiatives are helpful in demonstrating how theoretical frameworks have been implemented into practical initiatives. This book is a critical companion for academics, students and practitioners. Adam Lindgreen, Professor and Head of Department of Marketing, Copenhagen Business School, Denmark. This book is an essential resource for students, practitioners and scholars. Dr Mark Camilleri skillfully delivers a robust summary of research on the business and society relationship and insightfully points to new understandings of and opportunities for responsible business conduct. I highly recommend *Corporate*

Sustainability Social Responsibility and Environmental Management An Introduction to Theory and Practice with Case Studies Diane L Swanson Professor and Chair of Distinction in Business Administration and Ethics Education at Kansas State University KS USA Mark s latest book is lucid insightful and highly useful in the classroom I strongly recommend it Donald Siegel Dean of the School of Business and Professor of Management at the University at Albany State University of New York NY USA The theory and practice of corporate sustainability social responsibility and environmental management is complex and dynamic This book will help scholars to navigate through the maze Dr Camilleri builds on the foundations of leading academics and shows how the subject continues to evolve The book also acknowledges the importance of CSR 2 0 or transformative corporate sustainability and responsibility as a necessary vision of the future Wayne Visser Senior Associate at Cambridge University UK He is the author of CSR 2 0 Transforming Corporate Sustainability it will fill one of the gaps that have continued to exist in business and management schools since there are insufficient cases for teaching and learning in CSR and Environmental Management in Business Schools around the globe Samuel O Idowu Senior Lecturer in Accounting at London Metropolitan University UK Professor of CSR at Nanjing University of Finance and Economics China and a Deputy CEO Global Corporate Governance Institute USA Corporate Social Responsibility has grown from nice to have for big companies to a necessity for all companies Dr Mark Camilleri sketches with this excellent book the current debate in CSR and CSR communication and with his cases adds valuable insights in the ongoing development and institutionalization of CSR in nowadays business Wim J L Elving Professor at the University of Amsterdam Netherlands Standing up for a Sustainable World Claude Henry,Johan Rockström,Nicholas Stern,2020-12-25 The world has witnessed extraordinary economic growth poverty reduction and increased life expectancy and population since the end of WWII but it has occurred at the expense of undermining life support systems on Earth and subjecting future generations to the real risk of destabilising the planet This timely book exposes and explores this colossal environmental cost and the dangerous position the world is now in Standing up for a Sustainable World is written by and about key individuals who have not only understood the threats to our planet but also become witness to them and confronted them **National Parliaments after the Lisbon Treaty and the Euro Crisis** Davor Jancic,2017-04-05 A critical assessment by eminent legal and political science experts in the field this book examines the two key factors which have deeply affected the position of national parliaments in European integration the entry into force of the Lisbon Treaty and the sovereign debt crisis in the Eurozone Structured in three parts the book will address the question Do national parliaments exhibit resilience or resignation in these changed politico legal and socio economic circumstances in the EU Part I investigates the impact of the aforementioned factors against the theoretical concepts of constitutionalism and democratic legitimacy Part II evaluates the changing nature of parliamentary functions and Part III appraises the evolving relationships between national parliaments and national governments national courts and EU institutions in addition to surveying the emerging patterns of interparliamentary

cooperation This interdisciplinary collection yields novel insights into how the deepening of the Economic and Monetary Union and the pursuance of new initiatives for parliamentary action impact the shape and nature of EU democracy

Beyond Greenwash Hamish van der Ven, 2019-03-21 Beyond Greenwash systematically investigates the credibility of transnational eco labeling organizations across countries and commercial sectors It uses original data an innovative mixed method research design and a unique measure of credibility in transnational governance to challenge the conventional wisdom that only governments or environmental NGOs can create meaningful environmental governance **Metrics**

Vincanne Adams, 2016-03-05 This volume s contributors evaluate the accomplishments limits and consequences of using quantitative metrics in global health Whether analyzing maternal mortality rates the relationships between political goals and metrics data or the links between health outcomes and a program s fiscal support the contributors question the ability of metrics to solve global health problems They capture a moment when global health scholars and practitioners must evaluate the potential effectiveness and pitfalls of different metrics even as they remain elusive and problematic Contributors Vincanne Adams Susan Erikson Molly Hales Pierre Minn Adeola Oni Orisan Carolyn Smith Morris Marlee Tichenor Lily Walkover Claire L Wendland *Recent Trends in Blockchain for Information Systems Security and Privacy* Amit Kumar Tyagi, Ajith Abraham, 2021-11-23 Blockchain technology is an emerging distributed decentralized architecture and computing paradigm which has accelerated the development and application of cloud fog and edge computing artificial intelligence cyber physical systems social networking crowdsourcing and crowdsensing 5g trust management and finance and other many useful sectors Nowadays the primary blockchain technology uses are in information systems to keep information secure and private However many threats and vulnerabilities are facing blockchain in the past decade such 51% attacks double spending attacks etc The popularity and rapid development of blockchain brings many technical and regulatory challenges for research and academic communities The main goal of this book is to encourage both researchers and practitioners of Blockchain technology to share and exchange their experiences and recent studies between academia and industry The reader will be provided with the most up to date knowledge of blockchain in mainstream areas of security and privacy in the decentralized domain which is timely and essential this is due to the fact that the distributed and p2p applications are increasing day by day and the attackers adopt new mechanisms to threaten the security and privacy of the users in those environments This book provides a detailed explanation of security and privacy with respect to blockchain for information systems and will be an essential resource for students researchers and scientists studying blockchain uses in information systems and those wanting to explore the current state of play

Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **May June 2014 Paper 12 Accounting Mark Scheme**

In some sort of inundated with displays and the cacophony of quick connection, the profound energy and psychological resonance of verbal artistry usually disappear in to obscurity, eclipsed by the continuous barrage of sound and distractions. Yet, situated within the lyrical pages of **May June 2014 Paper 12 Accounting Mark Scheme**, a fascinating perform of fictional splendor that pulses with raw emotions, lies an remarkable trip waiting to be embarked upon. Penned with a virtuoso wordsmith, this interesting opus guides viewers on an emotional odyssey, lightly exposing the latent potential and profound affect embedded within the complicated internet of language. Within the heart-wrenching expanse of this evocative evaluation, we can embark upon an introspective exploration of the book is main styles, dissect their interesting writing style, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
