documentaries Aleisha is a bright but anxious teenager working at the local library for the summer when she discovers a crumpled up piece of paper in the back of *To Kill a Mockingbird*. It's a list of novels that she's never heard of before. Intrigued and a little bored with her slow job at the checkout desk, she impulsively decides to read every book on the list one after the other. As each story gives up its magic, the books transport Aleisha from the painful realities she's facing at home. When Mukesh arrives at the library desperate to forge a connection with his bookworm granddaughter, Aleisha passes along the reading list hoping that it will be a lifeline for him too. Slowly the shared books create a connection between two lonely souls as fiction helps them escape their grief and everyday troubles and find joy again.
