In-home Assessment of Older Adults Charles A. Emlet, 1996

Comprehensive formalized interdisciplinary geriatric assessment is the key to providing effective service to older adults living in the community. There has been amazing growth in the number of geriatric assessment tools, the number and variety of professionals conducting assessments, and the use of these assessments in long-term care. Edited by a social worker, occupational therapist, nurse, and physical therapist, this bestselling book reflects the fact that accurate in-home assessment is necessary in order to quantify an older adult's medical status, psychosocial well-being, and functional capabilities. Ideal for use by students and field practitioners, this book contains case examples, assessment tools, and practical suggestions that make it a favorite across disciplines.
