

Wireless Remote Control LED Lighting System

Operating Instructions

Features & General Information

The LIGHT IT! Wireless Remote Control LED Lighting System has been designed to mimic the operation of normal household lighting, but without the time and expense of wiring. Using 433MHz Radio Frequency control (RF) and battery power, we have developed a supplementary lighting system that installs in minutes and offers the utmost in convenience and performance. Unlike infrared systems which require line of site operation, radio signals penetrate most walls and barriers so that up to 20 lights can be operated with a single touch of the switch. Lights can be located where they are needed most and the switch can be permanently mounted to avoid damage or loss. And, to make the system even more useful and simple to operate, our easy-to-use Group Code feature lets you install and operate up to 8 groups of lights in a household without interference! Another great idea from LIGHT IT!...the leader in wireless lighting solutions.

Battery Installation & Replacement

Lights

- 1) Rotate the battery cover counter-clockwise and remove it.
- 2) Install 3 AA batteries making certain to match the polarity as shown in the diagram in the battery compartment.
- 3) Do not mix battery types. Use only fresh batteries. Alkaline are recommended.
- 4) Check light operation to confirm that batteries are correctly installed.
- 5) Replace battery cover and rotate it clockwise to lock it in place.

Switch

- 1) Two CR-2032 lithium-button cell batteries come pre-installed.
- 2) On the back of the switch, locate the mounting plate and slide it downward to remove it.
- 3) Pull the plastic tab to activate the batteries.

- 4) Replace the mounting plate.

Please note: This product contains a button battery. If swallowed, please seek medical assistance immediately to prevent severe injury or death.

To Replace Switch Batteries

- 1) Follow the procedure above.
- 2) Remove the screw on the battery cover.

- 3) Remove the old batteries and recycle them properly.
- 4) Place the new batteries with the positive side (+) up.
- 5) Replace the battery cover and the screw.

Group Code/ DIP Switches

Each light and switch comes with 3 DIP switches that enable the user to operate 2 or more groups of lights without interfering with each other. These switches come preset from the factory and will not require adjustment unless:

- 1) You are adding lights to the group, or
- 2) You are operating 2 or more groups of lights within 60' of each other.

Setting the Group Code/Adding Lights to Your Group

We recommend that you start with the switch and then adjust the lights to match the setting on the switch. You may add any combination of up to 20 lights and switches as desired.

Switch

- 1) Remove the mounting bracket.
- 2) Move the switches gently back and forth to one of 8 possible combinations pictured on the switch.
- 3) Replace the mounting bracket.

Lights

- 1) Remove the battery cover.
- 2) Use a pointed object to gently move the DIP switches to match the settings on the switch.
- 3) Check operation by pressing the switch on and off.
- 4) Replace the battery cover.
- 5) Repeat the process with all of the remaining lights in the group.

Adding Lights & Switches

- 1) Simply follow the instructions above and arrange the 3 DIP switches to match the code of the group to which you are adding lights.
- 2) We do not recommend groups in excess of 20 lights and switches (total combined).

Battery Saver

Our unique and innovative battery saver feature is designed to help prevent unintended battery usage by automatically turning your lights off after a preset amount of time. There are 3 user-selectable settings, 30, 60, or 120 minutes. Simply slide the switch to the desired run time. That's all there is to it! Now, even if you forget to turn off your lights, you won't return to find 8, 12, or more dead batteries. It's just one more way LIGHT IT! designs products to meet the needs of its customers.

Manual For Portfolio Lighting 0344411

DP Hallahan

Manual For Portfolio Lighting 0344411:

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Manual For Portfolio Lighting 0344411**

In some sort of inundated with monitors and the cacophony of quick communication, the profound power and mental resonance of verbal beauty usually disappear into obscurity, eclipsed by the constant barrage of noise and distractions. Yet, nestled within the lyrical pages of **Manual For Portfolio Lighting 0344411**, a interesting function of fictional elegance that impulses with organic emotions, lies an remarkable trip waiting to be embarked upon.
