New Testament Studies, 1967 The State of New Testament Studies Scot McKnight, Nijay K. Gupta, 2019-11-05 This book surveys the current landscape of New Testament studies offering readers a concise guide to contemporary discussions Bringing together a diverse group of experts it covers research on the most important issues in New Testament studies including new discipline areas making it an ideal supplemental textbook for a variety of courses on the New Testament Michael Bird David Capes Greg Carey Lynn Cohick Dennis Edwards Michael Gorman and Abson Joseph are among the contributors **Holy Word** J. Arthur Baird, 2002-06-01 J Arthur Baird is the author of several important books in New Testament studies his best known perhaps being his *Audience Criticism and the Historical Jesus* At his untimely death he left a nearly complete manuscript now published here In this timely and relevant manuscript Baird offers first a critical introduction to the historical paradigm pointing out its limitations in terms of tracing the paradigm of New Testament formation He then traces this development himself beginning with the starting point of the Holy Word and noting its development through the context theological interpretation and application to its manifestation in the apostles schools and fathers He concludes with comments on its current implications This book represents the last and lasting final thoughts of a scholar who was very much devoted to the importance of the Holy Word **New Testament Christology** G. E. Gorman, 1988-12-08 The New Testament doctrine of the dual nature of Jesus Christ his historical existence as a man and his simultaneous reality as a god has stimulated a resurgence of christological studies by twentieth century scholars and theologians This bibliography is the first work to provide a thorough critical examination of this important body of modern scholarship Containing more than 1 900 annotated entries it will be an essential reference guide for anyone with an interest in early Christianity Christian doctrine or biblical studies In his introduction Hultgren summarizes trends in New Testament christology as reflected in twentieth century European British and American works Sensitively arranged in subject categories the bibliography begins with nine chapters relating to the foundations of christological studies The remaining forty one chapters are divided into three sections dealing with specific topics the titles given to Christ the treatment of Christ by New Testament writers and primary christological themes Many of the entries include extensive commentary as well as passages quoted from the sources Authors titles and subjects are listed in comprehensive indexes Reflecting both the depth and breadth of Dr Hultgren s scholarly analysis this new bibliography is an appropriate choice for New Testament scholars as well as library reference collections *Discovering the New Testament* Mark J. Keown, 2018-10-31 *Discovering the New Testament* is a new and comprehensive introduction to the New Testament in three volumes reflecting current research and scholarship in New Testament studies Each volume provides a thorough discussion of background issues as well as treating theological themes and practical application The first volume on the Gospels and Acts covers Jewish and Greco Roman backgrounds critical methodologies the synoptic problem and surveys each of the four gospels and Acts It concludes with

three chapters that explore the key theme of the kingdom of God including its Old Testament background the place of miracles and an examination of Jesus parables Ideal for college or seminary students the volumes provide numerous maps and charts as well as discussion questions for each chapter and a focus on real life relevance and application Forthcoming volumes will focus on Paul Vol 2 and the general epistles and Revelation Vol 3 [Academic Constraints in Rhetorical Criticism of the New Testament](#) J. David Hester Amador,1999-01-01 Rhetorical criticism promised to bring New Testament studies into a new era that approached the Bible as a document of persuasive discourse Major proponents of this approach suggested that its potential lies in its democratization of biblical interpretation To date that promise has never been fulfilled The reasons can be found by exploring the rhetoric of these rhetorical critics Such an exploration uncovers systems of disciplinary constraints and discursive habits that keep rhetoric firmly within traditional units of academic biblical interpretation The promise of rhetoric can only be fulfilled by shattering all notions of a rhetorical programme of biblical interpretation
