Innovation, Alliances, and Networks in High-Tech Environments Fiorenza Belussi, Luigi Orsi, 2015-09-16 Recent years have seen a growth in strategic alliances mergers and acquisitions and collaborative networks involving knowledge intensive and hi tech industries However there have been relatively few studies looking at this form of collaboration as a strategy to drive firms innovative performances This book specifically focuses on the role of strategic alliances M A and innovation networks providing insights on if and how they contribute to boosting firms innovation performances The book has a double purpose Firstly it investigates at an industry level the role played by the alliance M As and networks in high tech environments such as biotechnology pharmaceutical software and nanotechnology in creating transforming and reshaping the dynamics inside and between industries Secondly it explores the impact at the firm level of factors such as cognitive distance management capabilities and relational and social capabilities on firms global innovation capacity measured as innovation quantity innovation quality and innovation novelty The book will be of interest to scholars working on the economics of innovation innovation management studies strategic management regional science and evolutionary economics among other areas

Urban Recycling Cooperatives Jutta Gutberlet, 2016-05-12 Solid waste is a major urban challenge worldwide and decisions over which technologies or methods to apply can have beneficial or detrimental long term consequences Inappropriate management of solid waste can lead to damaging environmental impacts particularly in the megacities of the Global South Urban Recycling Cooperatives explores the multiple narratives and interdisciplinary nature of waste studies drawing attention to the pressing social economic and environmental challenges related to waste management The book asks questions such as how do we define waste and our relation to it who is involved in dealing with waste and what power interactions become manifest over issues of accessing and managing waste In recent years informal cooperatives have emerged devoted to recycling household and business waste before reclassifying it and redirecting it to the authorities Hence these workers are able to reclaim significant amounts of natural resources and thus contribute to the saving of resources and lessened waste management expenditures With particular reference to the Brazilian megalopolis of S o Paulo this book describes this paradigm shift in the general understanding of waste as unwanted discard towards the recognition of waste as a resource that must be recovered for reuse or recycling It would be of interest to students and policy makers working in international development and waste management The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

The Uses of Social Investment Anton Hemerijck, 2017-05-26 The Uses of Social Investment provides the first study of the welfare state under the new post crisis austerity context and associated crisis management politics to take stock of the limits and potential of social investment It surveys the emergence diffusion limits merits and politics of social investment as the welfare policy paradigm for the 21st century seen through the lens of the life course contingencies of the

competitive knowledge economy and modern family hood Featuring contributions from leading scholars in the field the volume revisits the intellectual roots and normative foundations of social investment surveys the criticisms that have leveled against the social investment perspective in theory and policy practice and presents empirical evidence of social investment progress together with novel research methodologies for assessing socioeconomic rates of return on social investment Given the progressive admittedly uneven diffusion of the social investment policy priorities across the globe the volume seeks to address the pressing political question as to whether the social investment turn is able to withstand the fiscal austerity backlash that has re emerged in the aftermath of the global financial crisis
