Novel Technological and Methodological Tools for the Understanding of Collective Behaviors Elio Tuci, Vito Trianni, Simon Garnier, Andrew King, 2020-01-23 **Globalization Development and Social Justice** Ann El Khoury, 2015-03-27 Are there existing alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization

Development and Social Justice advances the proposition that another globalization is not only possible but already exists. It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization. El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes. The book features case studies and examples of diverse economic practice and innovative emergent political forms from the Global South and North. These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning. This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies. It will be of interest to students and scholars of international relations, globalization, social movement studies, political and economic geography, sociology, anthropology, and development studies.

Service-Learning Pedagogy Virginia M. Jagla, Andrew Furco, Jean R. Strait, 2015-02-01. Service learning is a powerful method of teaching and learning that has been used effectively for more than two decades. Its efficacy has been researched in a variety of ways and this volume continues to expand that research base. In particular, in this volume *Service Learning Pedagogy: How Does It Measure Up?* we explore three broad areas of service learning research and practice that reflect broader discussions of the role of pedagogy in today's educational reform efforts: Teacher Education, Crossing Boundaries, Deepening Relationships, and New Paradigms. Conceptual Frameworks. Many have called for more rigorous methods when researching service learning pedagogy. That has been the major impetus for this volume. We seek to generate knowledge regarding service learning pedagogy while developing theories about it. We surface some elusive affective characteristics of the pedagogy which we know has the power to produce transformational learning. To this end, the authors who have contributed to this volume effectively add to the growing body of knowledge in the field and help us get closer to understanding the extent to which service learning does and does not measure up.

Waste Works Brenda Chalfin, 2023-03-06. In *Waste Works*, Brenda Chalfin examines Ghana's planned city of Tema, theorizing about the formative role of waste infrastructure in urban politics and public life. Chalfin argues that at Tema's midcentury founding, a prime objective of governing authorities was to cultivate self-contained citizens by means of tightly orchestrated domestic infrastructure and centralized control of bodily excrement to both develop and depoliticize the new nation. Comparing infrastructural innovations across the city, Chalfin excavates how Tema residents pursue novel approaches to urban waste and sanitation built on the ruins of the inherited order, profoundly altering the urban public sphere. Once decreed a private matter to be guaranteed by state authorities, excrement becomes a public issue collectively managed by private persons. Pushing self-care into public space and extending domestic responsibility for public well-being and bodily outputs, popularly devised waste infrastructures are a decisive arena to make claims, build coalitions, and cultivate

status Confounding high modernist ideals excremental infrastructures unlock bodily waste s diverse political potentials

People – Marine Mammal Interactions Andrew Butterworth, Mark P. Simmonds, 2017-08-15 Our relationships with marine mammals are complex We have used them as resources and in some places this remains the case viewed them as competitors and culled them again ongoing in some localities been so captivated and intrigued by them that we have taken them into captivity for our entertainment and developed a lucrative eco tourism activity focused on them in many nations When we first envisaged this special topic we had two overarching aims Firstly we hoped to generate critical evaluation of some of our relationships with these animals Secondly we hoped to attract knowledgeable commentators and experts who might not traditionally publish in the peer reviewed literature We were also asking ourselves a question about what responsibility mankind might have to marine mammals on our rapidly changing planet The answer to the question can or should humans have responsibility for the lives of marine mammals when they are affected by our activities is in our opinion yes and the logical progression from this question is to direct research and effort to understand and optimise the actions reactions and responses that mankind may be able to take We hope that the papers in this special issue bring some illumination to a small selection of topics under this much wider topic area and prove to be informative and stimulating Canadian Journal of Earth Sciences ,2013 *International Books in Print* ,1997 **Who's Who in the West, 1996-1997** Marquis Who's Who, Marquis Who's Who Staff, 1995-11 Forthcoming Books Rose Arny, 1983 **Author Index to Psychological Index ... and Psychological Abstracts ...** ,1960 **13+ Science Level 2 Biology Mark Scheme (Summer Term 2013)** Iseb Iseb, 2013-03-21 *13+ Science Level 2 Biology Mark Scheme (Spring Term 2013)* Iseb Iseb, 2012-12-01 **13+ Science Level 2 Biology Mark Scheme (Autumn Term 2013)** Iseb Iseb, 2013-09-26 *13+ Science Level 2 Biology Mark Scheme (Spring Term 2014)* Iseb Iseb, 2013-11-29 *13+ Science Level 2 Biology Mark Scheme (Summer Term 2014)* Iseb Iseb, 2014-03-28
