Digital Dieting Tara Brabazon, 2016-04-22 Imagine if a student spent as much time managing information as celebrities doted on dieting While eating too much food may be the basis of a moral panic about obesity excessive information is rarely discussed as a crisis of a similar scale Obviously plentiful and high quality food is not a problem if eating is balanced with exercise But without the skills of media and information literacy students and citizens wade through low quality online information that fills their day yet does not enable intellectual challenge imagination and questioning Digital Dieting From Information Obesity to Intellectual Fitness probes the social political and academic difficulties in managing large quantities of low quality information But this book does not diagnose a crisis Instead Digital Dieting provides strategies to develop intellectual fitness that sorts the important from the irrelevant and the remarkable from the banal In April 2010 and for the first time Facebook received more independent visitors than Google Increasingly there is a desire to share rather than search But what is the impact of such a change on higher education If students complain that the reading is too hard then one response is to make it

easier If students complain that assignments are too difficult then one way to manage this challenge is to make the assignments simpler Both are passive responses that damage the calibre of education and universities in the long term Digital Dieting From Information Obesity to Intellectual Fitness provides active conscious careful and applicable strategies to move students and citizens from searching to researching sharing to thinking and shopping to reading iPad Geekery : 50 Insanely Cool Hacks and Mods for Your Apple Tablet Guy Hart-Davis,2012-09-26 Take your iPad to its limits and way beyond You've already mastered iPad essentials Now become a bona fide power user and transform your iPad into a media center gaming device photo and video camera document editor and high powered computer Through easy to follow instructions and illustrations iPad Geekery 50 Insanely Cool Hacks and Mods for Your Apple Tablet teaches you these expert tricks You'll also find out how to secure your iPad protect your personal information and install apps from any source Get your geek on Learn how to Use your iPad as your home and car stereo Pack your iPad with high quality music files and share them with others Use your iPad as your backing band your recording studio and even fix your off key singing Watch DVDs stream videos and show content on your TV Take captivating photos and make professional grade films Plug in a keyboard and use your iPad as your main computer Create Word Excel PowerPoint and PDF files Troubleshoot problems and restore your iPad to factory settings Keep your data secure no matter where your iPad goes Connect to your personal or company network Back up unlock and jailbreak your iPad *iPad at Work* David Sparks,2011-10-04 iPad as a business tool Absolutely Need to make an impromptu presentation Update a spreadsheet Check on a project e mail a file or polish up a document on your way to a meeting Your iPad has it covered This guide focuses on the iPad's business life detailing how to set it up secure it and take full advantage of everything it offers the enterprise Best practices productivity tools working from the cloud video conferencing even using your iPad to get you to the meeting all that and much more explained right here Set up your iPad for business sync it back it up and choose accessories and utilities Investigate browser options manage your Twitter feed safely use cloud storage set up a video conference and explore e meeting options Book flights and hotels navigate a city and convert currency Explore your choices for word processing spreadsheets note taking presentations e mail reading e books and more Discover apps that work for your specific industry Communicate with Windows networks Visit our website at www.wiley.com compbooks **Proceedings of the IEEE 1989 National Aerospace and Electronics Conference, NAECON 1989**,1989
