**A dissertation on the inutility of the amputation of limbs** Johann Ulrich Bilguer,2019-12-23 In A Dissertation on the Inutility of the Amputation of Limbs Johann Ulrich Bilguer presents a comprehensive examination of the medical and ethical implications surrounding the practice of limb amputation Written during a time when surgical interventions were often radical Bilguer employs a meticulous approach combining empirical observations with philosophical reasoning His critique of the prevailing medical doctrines of the 18th century highlights not only the devastating physical consequences of amputation but also poses profound questions regarding patient autonomy and the medical profession s responsibility Through a scholarly lens Bilguer s prose merges clinical acumen with a passionate advocacy for the preservation of human integrity making the dissertation a pivotal work in medical literature Bilguer a noted figure in the epoch of Enlightenment thought was

influenced by the burgeoning humanitarian and ethical considerations prevalent in his contemporaries works His own medical education and experiences likely reinforced his empathy towards patients whose lives were irrevocably altered by surgical decisions By harnessing the intellectual currents of his time Bilguer transcended traditional medical discourse situating himself at the confluence of medicine and moral philosophy This thought provoking text is recommended for medical professionals ethicists and historians alike as it offers an invaluable perspective on limb amputation that challenges conventional practices Bilguer s meticulous analysis invites readers to consider the complexities of surgical intervention making it essential reading for those interested in the intersections of medicine ethics and human dignity     “The” Medical Times and Gazette ,1873     **The Practitioner** ,1888     The Edinburgh University Calendar ,1908     **The Edinburgh University Calendar** University of Edinburgh,1908     **The Glasgow Medical Journal** ,1892     *Glasgow Medical Journal* ,1874     *The London Medical Recorder* ,1889
